IMPERIAL GRANUM is the favorite food for children and invalids.—*The Medical World, Philadelphia, Pa., May,* '90.

IMPERIAL GRANUM is a good and well made powder of pleasant flavor. * * Contains no trace of any impurity.—*The Lancet, London, Eng., July* 12*th*, '90.

IMPERIAL GRANUM is a food that has attained a high and standard reputation by the merit of actual use for a long period of time.—*Medical Summary, Philad'a, Pa., July,* '88.

IMPERIAL GRANUM—"Of the preparations so varied and so highly commended by those who put them on the market, IMPERIAL GRANUM seems to hold the first place in the estimation of medical observers."—*N. Y. Medical Record, Vol.* 13, *No.* 23.

IMPERIAL GRANUM has been before the public for many years, and is admitted to be a standard preparation. There can be no doubt that this is due to its uniformly superior quality, and the successful results obtained with it in all cases where a prepared food is required.—*Popular Science News, Boston, Feb.* '88.

IMPERIAL GRANUM is one of those carefully and conscientiously prepared foods that never disappoint the doctor in its administration. We have never seen a stomach that could not retain it, no matter how inflamed it might be. It will at once be seen what a valuable aid this is to the physician in the treatment of all the graver forms of gastric diseases.—*The Prescription, Feb.* '91.

IMPERIAL GRANUM has been on the market for many years, and its sales are constantly increasing. The greatest possible care is used in its manufacture, as we can testify, having visited the factory. Absolute cleanliness prevails, and the greatest care is taken to have the product absolutely uniform. The fact that physicians almost universally recommend it is sufficient proof of its standard quality.—*The Christian Union, New York, July* 4, '90.

Twenty-seven years ago last June IMPERIAL GRANUM was recommended to us by one of the leading physicians of Cincinnati, for a child whose life had been despaired of. We believe it saved the child's life, and it has been one of the articles necessary to have in the house ever since that time, and we have found it equally efficacious for the invalid and aged. It has steadily increased in popularity during all these years, and is to-day commended in the highest terms by leading physicians all over the world. There is probably no article on the market that receives so much care and attention in every detail of manufacture.—*The Christian at Work, New York, Aug.* 21, '90.

' The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

CAPITAL STOCK, $100,000. EST'D 1890. INC. FEB. 8, 1892.

Chicago Medical Specialty House,

DEALERS IN

SPECIALTIES OF MERIT.

WE INTRODUCE NEW SPECIALTIES ON ROYALTY OR PURCHASE.

DOCTOR

This is just what you have been looking for. You no doubt have trouble in getting your lady patients to use water hot enough to be of service. This can be done with

The "Knap" Ladies' Syringe.

The outer cone insulates the inlet pipe, while the shield prevents leakage, even in a recumbent position If your druggist does not keep them and will not supply them, we will send you one by mail on receipt of price. We prefer to have them purchased of the druggists, so that patients can be supplied readily through them.

PRICE LIST.

No. 1—Vaginal Nozzle and 4-foot Escape Tube, each	$2 50
No. 2—Same as No. 1, with Bulb Syringe and two Special Rectal Tubes, each	3 00
No. 3—Same as No. 1, with two-quart Fountain Bag and Rectal Tubes, each	3 50

Price to Physicians, 50 Cents less than Retail.

CRANDALL'S

Obstetrical Bed Pan.

It is made of soft rubber, with an inflatable rim surrounding three sides of the pan, forming a soft, easy cushion on which the patient may lie, while the rim forms a dam which prevents any liquid escaping or soiling the bed during confinement. On the fourth or lower side a pocket holding two or three quarts is formed, held always open by a steel spring covered with rubber. From this pocket is an outlet, a metal tube with screw cap, to which may be attached a rubber hose, which we furnish, of good size and four feet in length, which carries the fluid to a convenient receptacle below.

SEND FOR CIRCULARS AND PRICES OF OUR SPECIALTIES.

MERCK'S LABORATORIES {DARMSTADT.} FOUNDED IN 1668.

Definite Chemical Products

OF SUPERIOR THERAPEUTIC VALUE.

LYSOL.

"THE IDEAL DISINFECTANT." The latest and most perfect of the cresol-derivative antiseptic and disinfectant agents. A 16-page monograph mailed on request.

THIOL (Riedel).

A synthetically produced body, chemically and therapeutically identical with ICHTHYOL, and superior in being odorless and non-toxic. Supplied in powder and liquid form. Circular reprint of clinical reports sent on request.

SALIPYRIN (Riedel).

ANALGESIC, ANTIPYRETIC. A chemical combination of antipyrin and salicylic acid. Highly recommended for Influenza, Neuralgia and all Rheumatic Affections. **Dose, ½ to 2 grammes,** three or four times a day. A six-dose sample sent on request.

PIPERAZIN (Schering).

URIC ACID SOLVENT. Will dissolve at least twelve times more uric acid than will lithia. **Dose, 15 grains per day,** with continuous treatment. Pamphlet (32 pages) sent on request.

PHENOCOLL (Schering).

ANTIPYRETIC, ANTI-RHEUMATIC, ANALGESIC, NERVINE. "The superior of all coal-tar antipyretics previously introduced." **Dose, 7½ to 15 grains.** Descriptive pamphlet (40 pages) supplied on request.

CHLORALAMID (Schering).

HYPNOTIC. Dose, 15 to 45 grains. A full descriptive pamphlet (64 pages) supplied on request.

Physicians are invited to write us whenever desirous of obtaining information regarding any new remedies. We will promptly answer all such inquiries.

A Sample Copy of "NOTES ON NEW REMEDIES" mailed on request.

National Union Vaccine Co. PRICES:—10 Points, $1; Selected Points, each 25c, or 5 for $1. **Vaccine Farm, ENGLEWOOD, ILL.**

PRIVATE HOSPITAL.

MRS. EFFIE BRACE FREER

CONDUCTS

A Private Hospital for Treatment of Surgical Cases at 330 West Fifty-Sixth Street,

NEW YORK CITY.

The house is well situated, and, in every respect, expressly fitted for its purpose.

Patients are under the charge of their own physicians. They receive constant and careful attention from competent nurses.

A. KREINBERG'S

Nurse ✚ Agency

896 SIXTH AVENUE,
Near 50th Street.

My Staff of Trained Nurses Represents Graduates from the Different Training Schools in the States.

Wet Nurses furnished between the hours of 10 A. M. and 4 P. M. This department is under the direction of a competent female attendant.

ARTHUR KREINBERG,
MASSAGE OPERATOR,
Cupper and Leecher, **896 Sixth Avenue.**

F. ALFRED REICHARDT & CO.

27 Barclay Street, NEW YORK,
IMPORTERS AND MANUFACTURERS OF FINE

SURGICAL INSTRUMENTS

HOSPITAL AND PHYSICIANS' SUPPLIES.

THE FARNY SPECIALTIES

THE FINEST GOODS MADE IN THE WORLD.

THE FARNY CAUTERY can be taken apart, does not get out of order, burns benzin or alcohol, cannot explode, always ready; vastly superior to Pacquelin.

THE FARNY RUBBER BANDAGES, finest and thinnest made; do not heat like the heavy ones.

THE FARNY NEEDLE HOLDER, holds all needles perfectly tight.

THE FARNY HYPODERMIC SYRINGE, the best made, expanding packing, not drying out, with or without oil chamber.

THE FARNY THROAT AND DENTAL MIRROR, aluminum mounted; interchangeable.

THE FARNY ASEPTIC POCKET CASE. Knives best kept in place and removed without cutting fingers.

FARNY THERMOMETERS. Certified, indestructible, guaranteed to 1-10 of a degree. From 3 to 5 inches.

THE FARNY POCKET CASE INSTRUMENTS, patent catch; cheapest and best in the world.

Surgical and medical goods imported to order.
Importations for teaching purposes for colleges and schools free of duty.
Use the Farny Lock on all instruments. It is the strongest aseptic made.
The Farny Atomiser never gets out of order; best for physicians' offices.
Send for circular of Farny specialties, for sale at the principal dealers in the United States.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted*

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.

Dr. T. J. Yarrow, 1335 North Broad St., Philadelphia, says: "I can't speak too highly of your Ale and Beef, Peptonized. As a Nutrient Tonic in cases convalescing from fevers and other wasting diseases, it has no equal. I bespeak for it a grand success."

ONE OF THE ATTRACTIONS OF SARATOGA.

HATHORN

WATER

(From the Boston Medical and Surgical Journal, June 10, 1875.)

ON HATHORN SPRING MINERAL WATER.

BY S. A. FISK, M. D., OF NORTHAMPTON, EX-PRESIDENT OF THE MASSACHUSETTS STATE MEDICAL SOCIETY.

Read before the Hampshire District Medical Society, May 12, 1875.

MINERAL WATERS are probably the most notable of all the remedial agents which have been used by man from a very early period; their curative powers have not only inspired his faith, but have also retained it to a considerable extent, and this, too, notwithstanding the medical profession of late years has seemed largely to overlook the real merits of these therapeutic agents.

While I have for many years regarded the waters of Saratoga Springs as an agreeable beverage and a pleasant evacuant, I have, in common with very many, if not with a large majority of the medical profession, looked upon these springs rather as a resort of the gay votaries of pleasure and fashion than of those seeking benefit from medicinal waters. Such is undoubtedly the fact to a considerable degree; and to this is probably due the belief that whatever of renewed health and vigor may follow a visit to this renowned place is to be ascribed rather to the pure and stimulating air, to a relaxation and a relief from the engrossments of business, to a temporary change of habits of life, and to the varied and pleasurable excitements attendant upon a sojourn in the midst of scenes so diverting, than to the real remedial qualities of the mineral springs.

Admitting that these influences have a happy and benificial effect upon the overworked, still there is a larger class of invalids who resort there, not to be active participants in gay scenes, but to drink the waters, and who do find them health-giving and possessed of positive curative value. In such cases the invigorated health and renovated spirits cannot be ascribed simply to a change of air, or to the relaxation which the social attractions and amusements of the place afford; for without the use of the water these results do not surely follow, neither do they follow in so marked a degree.

Three years ago I visited Saratoga Springs with a different object in view and a different condition than ever before; I went then as a seeker after health, and became an exceedingly interested and critical observer and investigator. For many months prior to that time I had become the subject of persistent insomnia. Sleep would visit my eyelids but for a brief period at a time; from thirty to sixty minutes was its average duration, to be succeeded by long intervals of wakefulness.

Accompanying this vigilance was the still more distressing malady of vertigo, from which I suffered often, and which at times confined me to my bed from two to eight days, then wearing gradually off, to be speedily followed by another attack, quite as disabling and prostrating as severe seasickness. A few hours of mental exertion, mental anxiety, or any fatigue that lowered the standard of my health at that time was sufficient to produce an attack of vertigo in its severer form.

My stomach sympathized in the general derangement, and was not, as might be supposed, a primary cause of the mischief. Anything and everything that I ate caused distress. The action of the heart was feeble, and a very decided dropsy of my legs now showed itself and became exceedingly troublesome, the œdema increasing persistently.

Moderate physical exercise overcame me. A ride of six or eight miles exhausted me, and with this there was not the slightest emaciation. I was the victim of great nervous prostration; a diagnosis, which was confirmed by a number of my professional brethren, who, after most thorough investigation, were unable to discover organic disease. Having failed to get relief from remedies suggested from the pharmacopœia, I resorted in this condition to Saratoga Springs, not as before, for relaxation and enjoyment, but for the purpose of drinking the waters for their medicinal and remedial effects.

These waters, in the nomenclature of mineral springs, are known as alkaline-saline waters. Being highly charged with carbonic acid gas, they take up and hold in solution the alkaline carbonates and chloride of sodium principally; though some of the springs, in addition to these, hold carbonate of iron, carbonate of lithia, iodide of sodium, and other salts more or less in solution. The large amount of carbonic acid gas contained in these waters not only increases the solvent powers of that menstruum, enabling it to take up and hold in solution a favorable combination of ingredients, but renders them very easy of digestion, and to most persons very agreeable to the taste.

Here, in these waters, but more especially in that from the Hathorn Spring, I found a remedy that seemed to meet the indications in my own case. These indications evidently were, to put the digestive organs into healthy action, to unload the plethoric visceral vessels, to stimulate the emunctories, and so break up and change the acid and other secretions of the stomach, that food might be digested and assimilated readily.

The Hathorn Spring, which was accidentally discovered in 1868, and which has taken the leading place for its prompt and certain therapeutic properties, contained the combinations of chemical agents that were indicated in the condition I was in at the time. It is strong in some of its constituents, prompt and certain in its action, and contains also bicarbonate of lithia, which renders its diuretic properties of great value. The following is the analysis of one U. S. gallon of 231 cubic inches of Hathorn Water, made in 1885, by C. F. Chandler, Ph. D., Chemist, of the Columbia College School of Mines, New York City:

Chloride of Sodium	478. and $\frac{722}{1000}$ grains.
Chloride of Potassium	32. and $\frac{859}{1000}$ "
Bromide of Sodium	3. and $\frac{644}{1000}$ "
Iodide of Sodium	0. $\frac{115}{1000}$ "
Fluoride of Calcium	trace.
Bicarbonate of Lithia	7. and $\frac{290}{1000}$ "
Bicarbonate of Soda	17. and $\frac{635}{1000}$ "
Bicarbonate of Magnesia	130. and $\frac{555}{1000}$ "
Bicarbonate of Lime	147. and $\frac{226}{1000}$ "
Bicarbonate of Strontia	a trace.
Bicarbonate of Baryta	0. $\frac{972}{1000}$ "
Bicarbonate of Iron	0. $\frac{858}{1000}$ "
Sulphate of Potassa	a trace.
Phosphate of Soda	0. $\frac{015}{1000}$ "
Biborate of Soda	a trace.
Alumina	0. $\frac{258}{1000}$ "
Silica	0. $\frac{700}{1000}$ "
Organic Matter	a trace.
Total	820. and $\frac{844}{1000}$ "
Carbonic Acid Gas	490. and $\frac{18}{1000}$ inches.

It will be observed that the quantity of salts contained in this water, excepting the chloride of sodium, is comparatively small. Its therapeutic action, however, when taken in the usual quantity is much greater than the small amount of the salts would produce if combined artifically. In its remote action it is, like other mineral waters, a powerful alterative when taken in moderate quantities for a considerable time.

When an explanation of these facts is asked for, we can only quote in reply that of the calm and careful investigator and most brilliant practitioner of our day, the lamented Trousseau, who, writing of the peculiar therapeutic effect of mineral waters, says: "Whatever may be said of them, mineral waters are not simply medicaments; whatever may be the predominant mineralizing agent, as demonstrated by analysis, it acts not alone. Nature, in combining with the more or less notable elements which chemistry may isolate, other exceedingly variable ingredients and principles which have not yet been discovered, has done for this mineralized agent that which we seek to imitate each day in our prescriptions, when we endeavor to reinforce or diminish the effects of a medicinal substance by associating others with it. In making due allowance for the particular phenomena which may result from the action of such or such elements which enter into the composition of a mineral water, we should not attribute to a single principle, however dominant it appears in the chemical analysis, all the properties of the water; and clinical experience only can permit us to judge. This is so exceedingly true, that dyspepsias allied to a grave cachectic state, (I do not now speak of paludal cachexia), are admirably modified by very different waters; by those waters, in which the mineralizing principle escapes, so to speak, chemical analysis. * * *

Plombieres and Bagneres de-Bigorre, in the particular disease which occupies us, in virtue of an action which escapes us and which I know not how to explain, triumph over rebellious dyspepsias. Under their salutary influence the appetite revives, the constitution is reorganized, patients effected with dropsy, with visceral engorgement, arrive at Plombieres or at Bigorre in a deplorable state, and depart, after a single season, in a condition notably ameliorated, and are often cured in a manner altogether unexpected."

What Trousseau says of Plombieres, I am able, from a personal experience, to say of Hathorn Spring water. Its therapeutic action is very prompt. When taken in the morning, it is agreeable to the taste, grateful to the stomach, and acts efficiently as an evacuant; and while it may, and in many cases does, induce full and copious dejections, they are not attended with pain; neither is languor nor debility experienced by the patient: but, on the contrary, a feeling of refreshment and invigoration The immediate effect upon the digestive organs, whether impaired by disease or exhausted from any cause, is to increase their powers of assimilation and nutrition, the appetite being increased at once. That oppression which is often felt, that sense of fullness which was termed "abdominal plethora" by the old authors, that condition, in short, in which the liver, spleen and mesentery are usually filled with blood, slowly moving, and when hemorrhoids are troublesome, is quickly relieved by it. The abdominal circulation is increased and the engorgement of the blood vessels is diminished with gratifying sense of relief

To those affected with what has been supposed to be an engorged condition of the liver, characterized by a dusky complexion, a coated tongue, a pasty, bad taste in the mouth, a capricious appetite and sluggish action of the bowels, with a sense of fullness in the head and of mental dullness, this water proves most valuable. It seems to liquify the bile, causing it to flow freely, and gives increased action to the intestinal canal.

When taken more frequently and in smaller quantities than the cathartic dose, its effect upon the kidneys is no less happy. Its action upon the renal secretions is prompt, uniform and quite certain A turbid, irritating urine is quickly cleared up by it; the ureters and bladder are soothed, and many cases of vesical catarrh are quite relieved by it.

In some of the cutaneous diseases, those more especially dependent upon an acid state of the secretions, these mineral waters are beneficial, both from their alkaline properties and their depurative effects.

Such, in brief, are some of the therapeutic effects of the Hathorn Spring water, to the use of which I attribute the entire relief I have obtained from the uncomfortable symptoms detailed above. Sleep, quiet and refreshing, has returned to my pillow. The only consciousness I now have of a stomach, when it is kindly treated, is from its intimations of hunger; and the dropsy, which was troublesome for so long a time, and which suggested serious reflections, has disappeared; strength and a comfortable amount of endurance have supplanted a feeling of languor and of debility. The dyspeptic symptoms and the dropsy were speedily relieved by a short season at the Springs; they returned, however, after a little time, but a continued use of the water for a few months brought about a permanent condition of health.

I have referred to my own case with so much of detail, as it is illustrative of this subject, and because some of you are familiar with it, and to you I am under obligations for kind professional advice and assistance.

PROFILE HOUSE, WHITE MOUNTAINS, N. H., August 21, 1884.

"As to the Hathorn Spring water as a remedial agent, I will now say that after its use for twelve or more years myself, and after observing its effects upon many patients for whom I prescribed it, no less than from the testimony of very many persons who have written me from various parts of the country expressing gratitude, that I published to the medical world my opinion of its virtues. I am not only confirmed in that opinion, but to-day think more highly of the water as a remedial agent than ever before.

It restored me to health from a precarious condition and has, I am persuaded, prolonged my life." Very truly yours, SAMUEL A. FISK, M. D.

Dr. H. P. C. WILSON, 146 Park Ave., Baltimore, Md., in a letter to the Spring, under date of May 12th, 1873, said, referring to the Hathorn water:

"I was the first physician in Baltimore to introduce it here, and there is nothing that I use more in my practice, or more in my family. I drink a whole bottle every morning," and eleven years after he commends the water as follows in his letter of Sept 22, 1884: "I drink it every morning—have drank a bottle every morning (with but few exceptions) for eleven years. To it I am indebted for the excellent health which I now enjoy."

C. F. CHANDLER, Ph. D, M. D., of the School of Mines, Columbia College, New York, who stands as a chemist at the head of his profession, says: "No water in Saratoga County is more highly favored by nature than the Hathorn Water. If the popular verdict accords it the preference, the water will merit it. There is nothing in the water that can in any way injure the most delicately organized system, provided it is not used in excess, or at improper times."

Hathorn Spring Water is sold only in glass bottles; four dozen pints are packed in a case Its medicinal qualities, and its delightful character as a morning beverage are perfectly preserved when bottled, so that it is equally efficacious whether taken at the Spring, or drank from bottles at a distance.

ORGANIZED, 1883.
RE-ORGANIZED, 1884.
INCORPORATED, 1887.

THE IMPROVED YALE SURGICAL CHAIR.

MANUFACTURED EXCLUSIVELY BY

The CANTON Surgical and Dental Chair Co.,

CANTON, OHIO.

Pronounced the *ne plus ultra* by the Surgeon, Gynæcologist, Oculist and Aurist.

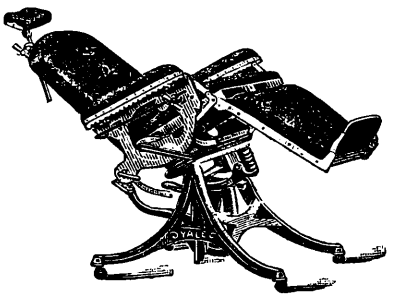

Fig. V--Semi Reclining.

THE FOLLOWING MOVEMENTS AND FEATURES ARE FOUND ONLY IN THE "YALE SURGICAL CHAIR."

First.—Being raised by the foot and lowered by automatic lowering device.—Fig. I.

Second.—Raising and lowering without revolving the upper part of the chair about its pivotal center support.—Fig. VII.

Third.—Obtaining the desirable height of 39½ inches above the floor.—Fig. VII.

Fourth.—Being just as strong and substantial in the highest elevations as when in the lowest.—Fig. VII.

Fifth.—Successfully raising, lowering, tilting or rotating while the patient is in position.

Sixth.—Having heavy steel springs to balance the chair, whether occupied or not.

Seventh.—Possessing Arm Rests that are not depending upon the back for support while in use, as Fig. VII—Are always ready for use; can be pushed back while using stirrups—Fig. XVII—or can be placed at and away from the side of chair, forming a side table for Sim's position.—Fig. XIII.

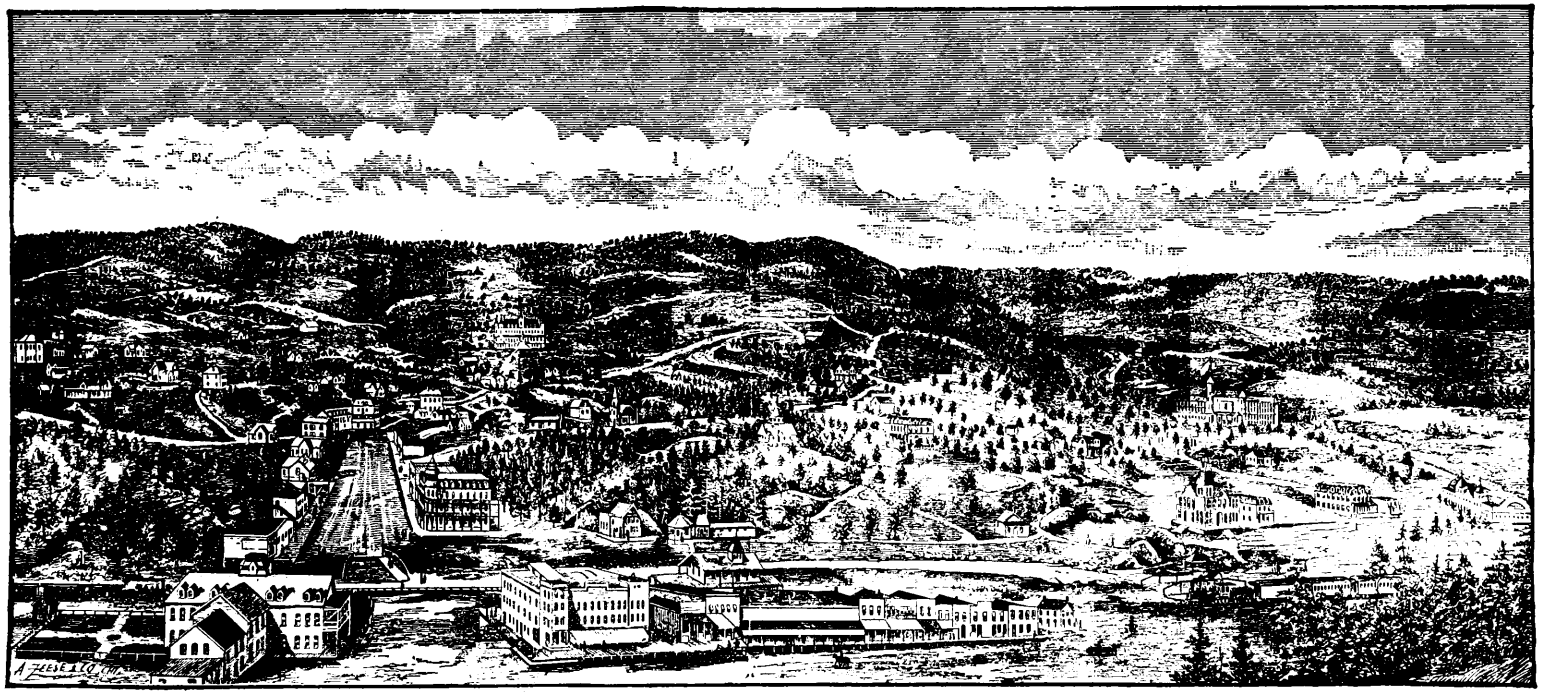
Eighth.—Quickest and easiest operated and most substantially secured in positions.

Ninth.—Having Stirrups that are universal in adjustment, secured to the frame of the chair, not liable to be loosened by the struggling patient during operation, but are firmly and securely held by a single locking device.

Tenth.—Successfully folding the leg rest, as well as the foot rest, out of the operator's way at any time.—Figs. XI, XV and XVII.

Eleventh.—The most complete universal head rest ever furnished with a surgeon's chair. The cushion pad can be raised 12 inches above the back of the chair or brought down to within 14 inches of chair seat, thus adapted to the shortest stature. When using the Dorsal, or Sim's position it can be placed under the head or during any operation, thus forming a perfect support. Figs. XIII and XV.

Twelfth.—A greater number of positions and modifications than any other chair in the world.



Thirteenth.—Stability and firmness while being raised or rotated.

Fourteenth.—Obtaining the only successful Dorsal position WITHOUT MOVING THE PATIENT.

Fifteenth.—Having a broad Turntable upon which to rotate the chair, which cannot be bent or twisted and become useless.

Sixteenth.—Stands upon its own merits and not upon the reputation of others.

See Advertisement and Illustrations opp. page 29.

A View of Hot Springs, South Dakota.

This resort is rapidly becoming the most famous health and pleasure resort in the West. Altitude, 3,500; climate, delightful; water, just about the temperature of the body, requiring neither hot nor cold water to temper. Hotels: Gillespie and Hot Springs House, both large, stone buildings, nicely equipped and managed; many smaller hotels and private boarding places.

The "New Minnekahta," which was completed in 1892, is an elegant, modern, stone building, 150 feet square, and complete in all appointments.

For pamphlets, giving more complete information, call on any agent of the Chicago & Northwestern Ry.; C., St. P., M. & O. Ry., or F., E. & M. V and S., C. & P. R. R's., or write

ALE AND BEEF PEPTONIZED Dr. I. N Love, St. Louis, Mo., says: "I have additional evidence of the value of your Ale and Beef, Peptonized. I find in many cases of children s troubles it is well received. I have found it of special value for nursing mothers. It serves as a tonic, and increases the flow of milk in an admirable way."

NORTH CAROLINA.

CAPITAL, RALEIGH.

POPULATION OF STATE, 1,617,947.

(Census of 1890.)

Males	799,149	Native	1,614,245
Females	818,798	Foreign	3,702
White	1,055,382	Chinese	33
Colored	561,018	Indians	1,514

North Carolina extends from 33° 53′ to 36° 33′ north latitude, and from 75° 25′ to 84° 30′ west longitude, and is bounded on the north by Virginia, on the west by Tennessee, on the south by South Carolina and Georgia, and on the east by the Atlantic Ocean. It comprises an area of 50,704 square miles, or 32,450,500 acres. The surface is very varied, and may be divided into four distinct sections. The tide water or swamp lands, which extend 100 miles inland from the coast, have a sandy, fertile soil; the middle section is fertile, the Piedmont section hilly, and the blue ridge district mountainous.

The principal rivers of North Carolina are the Cape Fear, the Chowan, the Roanoke, the Tar, the Neuse and the Yadkin.

The climate is warm, the mean annual temperature being 58.52, that of the summer 77.24, and of the winter 40.14. The average annual rainfall is about 43 inches.

The State is well wooded, forests of deciduous and coniferous trees covering a large portion of its area. Gold, silver, lead, zinc, iron, coal and copper are mined.

The following table shows increase in population for the past 70 years:

1820	638,829	1860	992,622
1830	737,987	1870	1,071,361
1840	753,419	1880	1,399,750
1850	869,039	1890	1,617,947

Wheat, corn, sweet potatoes and tobacco are the staples. The fisheries are large and valuable.

There are several well known medicinal springs in the State.

There is one medical college in the State, the Leonard Medical School, Medical Department of Shaw University, at Raleigh.

The F. A. DAVIS CO., Medical Publishers, PHILADELPHIA. New York, 117 W. 42d St. Chicago, 20 Lakeside Bldg. London, 40 Berners St., Oxford St. W.
(See p. Opp. Contents.) **Publishers of the "Annual of the Universal Medical Sciences."**

Rate of Mortality in North Carolina, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,617,947	18,420	11.38	11,186	7,234	10.60	12.86

Total number of deaths from consumption during 1890 was 2,212, which was at the rate of 1.37 per 1,000 of population, or 112 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

MEDICAL LAWS OF NORTH CAROLINA.

AN ACT TO INCORPORATE THE MEDICAL SOCIETY OF THE STATE OF NORTH CAROLINA AND FOR THE ESTABLISHMENT OF A MEDICAL BOARD OF EXAMINERS.

Be it enacted by the General Assembly of the State of North Carolina, and it is hereby enacted by the authority of the same:

SECTION 1. That the association of regularly graduated doctors calling themselves "The State Medical Society," be, and they are hereby declared to be, a body politic and corporate, to be known and distinguished by the name and style of "The Medical Society of the State of North Carolina," and by that name and style shall have perpetual succession and a common seal; that they, or a majority of them, and their successors, shall be able in law to take, demand, receive, and possess money, goods and chattels, lands and tenements, and apply the same to the use and for the advancement of the purposes and objects of the said society; that the said medical society or a majority of them, and their successors, shall be able and capable in law of suing and being sued, pleading and being impleaded; that they shall be authorized to make all by-laws, rules and regulations necessary and proper for their own government, and carrying out the purposes contemplated in this act, and for the promotion of medical science, and the elevation of the medical profession in this State, not inconsistent with the constitution and laws of North Carolina.

2. That from and after the 15th day of April, 1859, no person shall practice medicine or surgery, or any of the branches thereof, or in any case prescribe for the cure of diseases for fee or reward, unless he or they shall have been first licensed so to do in the manner hereinafter described: *Provided*, that no person who shall practice in violation of this act shall be deemed guilty of a misdemeanor.

3. That in order to the proper regulation of the practice of medicine and surgery in the State of North Carolina, there shall be established a board of regularly graduated physicians, to be known by the name and title of "The Board of Medical Examiners of the State of North Carolina."

4. That the board of medical examiners of the State of North Carolina shall consist of seven regularly graduated physicians.

5. That it shall be the duty of the said board to examine all applicants for license to practice medicine or surgery, or any of the branches thereof, in the State of North Carolina, on the following branches of medical science, viz: Anatomy, physiology, surgery, pathology, medical hygiene, chemistry, pharmacy, materia medica, therapeutics, and the practice of medicine; and if, on such examination, he or they may be found competent, to grant to such applicant or applicants a license or diploma, authorizing him or them to practice medicine or surgery, or any of the branches thereof, in the State of North Carolina: *Provided*, that five members of the board shall constitute a quorum, and that four of those present shall be agreed as to the qualifications of the applicant.

6. That the said board shall be at liberty to examine for and grant license to practice medicine or surgery, or any of the branches thereof, in this State, to any person so applying, who shall give satisfactory evidence to the board that he is twenty-one years of age and of a good moral character. Such applicants, if found competent, shall have granted to them the license before mentioned, signed by the board of medical examiners, or a majority thereof, and if found incompetent, they shall be rejected.

7. That to prevent delay and inconvenience, two members of the board of medical exami-

QUICKINE, "The Ideal Antipyretic." "Every physician in the civilized world will be glad to use it." ☞ Sold by all druggists. STANDARD CHEMICAL Co., Jersey City, N. J., Sole Mnfrs.

ners may grant a temporary license to applicants therefor, and make report thereof to the next regular meeting of the board for confirmation: *Provided*, that such temporary license shall not continue in force longer than the next regular meeting of the board, and that such temporary license shall in no case be granted after the applicant has been refused a license by the board of medical examiners.

8. That it shall be the duty of the medical society of the State of North Carolina to furnish to the General Assembly of the State of North Carolina, by their secretary, a list of members of that society, from which list the General Assembly shall elect seven to constitute the board of medical examiners before mentioned, to continue in office for the term of six years from the date of their election: *Provided*, that whenever any member of this board shall cease to be a member of the medical society of the State of North Carolina, either by resignation or expulsion, his office of medical examiner shall be thereby vacated.

9. That the members of the State medical society shall have power to select the board of medical examiners, except when the legislature choose to exercise this right.

10. That the board of medical examiners shall assemble at the same times and places, when and where the aforesaid medical society assembles, which said society shall assemble at least once in each and every year, at such time and place as the said society, at its next preceding meeting, shall have fixed; and the said board shall remain in session from day to day until all applicants who may present themselves for examination within the first five days after its meeting shall have been examined and disposed of. [This section was adopted, as an amendment to the original act, April, 1871.]

11. That the board of medical examiners shall be, and they are hereby authorized to elect all such officers, and to frame all such by-laws as may be necessary to carry this law into effect; and in the event of any vacancy by death, resignation or otherwise, of any member of said board, the board or a quorum thereof, shall be, and they are hereby, empowered to fill all vacancies.

12. That the board of examiners shall keep a regular record of its proceedings, in a book kept for that purpose, which shall always be open for inspection; and shall cause to be entered on a book kept for that purpose the names of each applicant for license, and the name of each applicant licensed to practice medicine and surgery, and the time of granting the same, together with the names of the members of the board present, and shall publish the names of those licensed in two of the newspapers published in the city of Raleigh, within thirty days after the granting of the same.

13. That the said board shall have the power to demand of each and every applicant thus licensed the sum of ten dollars, before issuing a license or diploma, and the sum of five dollars for each temporary license, to be paid to the secretary of the board.

14. That the members of said board shall receive as compensation for their services four dollars each day during the time of their session, and in addition thereto their traveling expenses to and from their places of meeting, by the most direct route from their respective places of residence, to be paid by the secretary of the board out of any moneys in his hands, upon the certificate of the president of the board of medical examiners. [This section was adopted as an amendment to the original act, April, 1871.]

15. That any person who shall practice medicine or surgery in this State without having first applied for and obtained license from the said board of examiners as provided for by this act, shall not be entitled to sue for or recover before any magistrate or court in this State any medical bill for services rendered in the practice of medicine or surgery, or any of the branches thereof.

16. That the said board shall have the power to rescind any license granted by them, when upon satisfactory proof it shall appear that any physician thus licensed has been guilty of grossly immoral conduct.

17. That the secretary of the board of medical examiners shall give bond, with good security, to the president of the board for the safe keeping and proper payment of all moneys that may come into his hands under the provisions of this act.

18. That the provisions of this act shall not apply to any person or persons now engaged in the practice of medicine or surgery in this State, but shall be construed as applying to those only who may hereafter propose to commence the practice of the same in the State of North Carolina.

19 That this act shall be in force on and after the 15th day of April, 1859, and shall be considered a public act.

ADDENDA.

SECTION 3121. Medical Society of the State—a body politic—Private laws, 1858-9, C. 258, S. 1:

The association of regularly graduated physicians, calling themselves, "The State Medical Society," is hereby declared to be a body politic and corporate, to be known and distinguished by the name of "The Medical Society of the State of North Carolina."

SEC. 3122. Who may practice—1858-9, C. 258, S. 2:

No person shall practice medicine or surgery, nor any of the branches thereof, nor in any case prescribe for the cure of diseases for fee or reward, unless he shall have been first licensed so to do in the manner hereinafter provided.

SEC. 3123. Board of Physicians to consist of seven. 1858-9, C. 258, SS. 3, 4:

In order to the proper regulation of the practice of medicine and surgery, there shall be established a board of regularly graduated physicians, to be known by the title of "The Board of Medical Examiners of the State of North Carolina," which shall consist of seven regularly graduated physicians.

SEC. 3124. Duty of Board. 1858-9, C. 258, S. 5:

It shall be the duty of the said board to examine all applicants for license to practice medicine or surgery, or any of the branches thereof, on the following branches of medical science: Anatomy, Physiology, Surgery, Pathology, Medical Hygiene, Chemistry, Pharmacy, Materia

Sample and Literature Sent on Application.
Tritica The SEARLE & HERETH CO., Chicago.

Medica, Therapeutics, Obstetrics, and the practice of medicine; and if on such examination they be found competent, to grant to each applicant a license or diploma, authorizing him to practice medicine and surgery, or any of the branches thereof: *Provided*, five members of the Board shall constitute a quorum and four of those present shall be agreed as to the qualifications of the applicant.

SEC. 3125. Temporary License. 1858-9, C. 258, S. 7:

To prevent delay and inconvenience, two members of the Board of Medical Examiners may grant a temporary license to any applicant and make a report thereof to the next regular meeting of the Board: *Provided*, such temporary license shall not continue in force longer than the next regular meeting of the Board, and such temporary license shall in no case be granted after the applicant has been refused a license by the Board of Medical Examiners.

SEC. 3126. How appointed. 1858-9, C. 258, S. 9:

The Medical Society shall have power to appoint the Board of Medical Examiners.

SEC 3127. Where and When to Assemble. 1870-1, C. ——, S. 11:

The Board of Medical Examiners shall assemble at the same times and places when and where the Medical Society assembles, which society shall assemble at least once in every year at such time and place as the said society, at its next preceding meeting, shall have fixed; and the said Board shall remain in session from day to day until all applicants who may present themselves for examination within the first five days after its meeting shall have been examined and disposed of.

SEC. 3128. Officers, etc. 1858-9, C. 258, S. 11:

The Board of Medical Examiners are authorized to elect all such officers and to frame all such by-laws as may be necessary, and in the event of any vacancy by death, resignation or otherwise, of any member of said Board, the Board, or a quorum thereof, is empowered to fill such vacancy.

SEC. 3129. The Board of Examiners to Keep a Record. 1858-9, C. 258, S. 12:

The Board of Examiners shall keep a regular record of its proceedings in a book kept for that purpose, which shall always be open for inspection, and shall cause to be entered on a book kept for the purpose the name of each applicant for license, and the name of each applicant licensed to practice medicine and surgery, and the time of granting the same, together with the names of the members of the Board present, and shall publish the names of those licensed in two of the newspapers published in the city of Raleigh, within thirty days after the granting of the same.

SEC. 3130. License. 1858-9, C. 258, S. 13:

The Board shall have power to demand of every applicant thus licensed the sum of ten dollars before issuing a license or diploma, and the sum of five dollars for each temporary license, to be paid to the Secretary of the Board.

SEC. 3131. The Board; Their Compensation. 1870-1, C.——, S. 14:

The members of the said Board shall each receive as a compensation for their services four dollars per day during the time of their session, and in addition thereto, their traveling expenses to and from their places of meeting by the most direct route from their respective places of residence, to be paid by the Secretary of the Board out of any moneys in his hands, upon the certificate of the President of the Board of Medical Examiners.

SEC. 3132. Practicing Without License. 1858-9, C. 258, S. 15; 1885, C. 117 AND 261.

Any person who shall practice medicine or surgery without having first applied for and obtained license from the said Board of Examiners, shall not be entitled to sue for or recover before any court any medical bill for services rendered in the practice of medicine or surgery or any of the branches thereof. And any person who shall begin the practice of medicine or surgery in this State for fee or reward, after the passage of this act (March 7th, 1885), without first having obtained license from said Board of Examiners, shall not only not be entitled to sue for or recover before any court any medical bill for services rendered in the practice of medicine or surgery, or any of the branches thereof, but shall also be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than twenty-five dollars nor more than one hundred dollars, or imprisoned, at the discretion of the court, for each and every offense: *Provided* that this act shall not be construed to apply to women who pursue the vocation of a midwife: *And provided further*, that this act shall not apply to any reputable physician or surgeon resident in a neighboring State coming into this State for consultation with a registered physician resident therein. But this proviso shall not apply to physicians resident in a neighboring State regularly practicing in this State: *Provided*, that this section shall not apply to physicians who have a diploma from a regular medical college, and were practicing medicine or surgery in this State prior to the seventh day of March, one thousand eight hundred and eighty-five.

3133. May Rescind License—1858-9, C. 258, S. 16:

The said Board shall have the power to rescind any license granted by them when, upon satisfactory proof, it shall appear that any physician thus licensed has been guilty of grossly immoral conduct.

3134. Secretary—1858-9, C. 258, S. 17:

The Secretary of the Board of Medical Examiners shall give bond, with good security, to the President of the Board, for the safe keeping and proper payment of all moneys that may come into his hands.

Registration—1889, C. 181, SS. 3 (in part), 4, 5, 6, 7:

3. * * * All persons who are now practicing medicine or surgery in this State shall, before the first day of January, one thousand eight hundred and ninety, personally appear before the Clerk of the Superior Court of the county where any such person resides or practices, for registration, as herein provided; and any person who shall begin the practice of medicine or surgery in this State after the passage of this act shall likewise personally appear before the Clerk of the Superior Court of the county in which he resides or practices within thirty days after obtaining a license from the Board of Medical Examiners of the State, as now provided by law for such registration.

CATGUT LIGATURES. L. H. KELLER & CO., 64 Nassau St., NEW YORK, N. Y. (See Page 9.)

4. That any person applying for registration as herein provided shall produce and exhibit before the clerk of the Superior Court a license obtained from the Board of Medical Examiners aforesaid, or a diploma issued by a regular medical college prior to the 7th of March, 1885, or make oath that he was practicing medicine or surgery in this State prior to said 7th of March, 1885; and upon such exhibit or oath being made as aforesaid, the clerk shall register the date of registration, with the name and residence of such applicant in a book to be kept for this purpose in his office, marked "Register of Physicians and Surgeons," and shall issue to him a certificate of such registration, under the seal of the Superior Court of the county, upon the form furnished him, as hereinafter provided, for which the clerk shall be entitled to collect from said applicant a fee of twenty five cents. The person obtaining said certificate shall be entitled to practice medicine or surgery, or both, in the county where the same was obtained, and in any other county in this State; but if he shall remove his residence to another county he shall exhibit said certificate to the clerk of such other county, and be registered, which registration shall be made by said clerk without fee or charge: *Provided*, that any one having obtained a temporary license, as provided in section three thousand one hundred and twenty-five of The Code, shall not be entitled to register, but may practice during the time such license shall remain in force.

5. That any person who shall practice or attempt to practice medicine or surgery in this State, without first having registered and obtained the certificate as aforesaid, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than twenty-five dollars, nor more than one hundred dollars, or be imprisoned, at the discretion of the court, for each and every offense: *Provided*, this act shall not apply to women pursuing the vocation of midwife, nor to reputable physicians or surgeons resident in a neighboring State coming into the State for consultation with a registered physician of this State.

6. That any clerk of the Superior Court who shall register or issue a certificate to any person in any other manner than that prescribed by this act shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than two hundred dollars and shall be removed from office.

7. That it shall be the duty of the Medical Society of the State of North Carolina to prescribe a proper form of certificate required by this act, and on or before the first day of July, one thousand eight hundred and eighty-nine, to furnish the clerk of the Superior Court of each county in the State blank forms thereof, and also one or more copies of this act; and it shall be the duty of said clerk, immediately upon receipt of this act, to post a copy thereof in some conspicuous place in the court house of the county. Said society shall likewise furnish every physician in the State, whose address can be obtained, a copy of this act on or before said first day of July, one thousand eight hundred and eighty-nine.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

NORTH DAKOTA.

CAPITAL, BISMARCK.

POPULATION OF STATE, 182,719.

(Census of 1890.)

Males	101,590	Native	101,258
Females	81,129	Foreign	81,461
White	182,123	Chinese	29
Colored	373	Indians	194

North Dakota was admitted to the Union November 3, 1889. It extends from 46° to 49° N. latitude, and from 96° 22′ 30″ to 104° W. longitude, and is bounded on the north by the British possessions, on the west by Montana, on the east by Minnesota, and on the south by South Dakota. It is 212 miles in length, and has an average breadth of 340 miles, and comprises an area of 70,795 square miles, or 45,308,800 acres. The principal rivers are the Missouri, with its tributaries, and the Red River of the North, which forms the eastern boundary of the State, the Souris, or Mouse, and the Dakota. The temperature varies during the year from 49° below zero to 107° Fahrenheit. The winters are cold, and much snow falls. The average rainfall is about 18 inches, and occurs at the best time for agriculture. The atmosphere is clear and dry, and owing to the elevation malarial diseases are nearly unknown, whilst pulmonary complaints are comparatively rare. There is an earlier spring than in Eastern States in same latitude. North Dakota is mainly a prairie region, but the rivers are fringed with groves of cottonwood, ash, oak, elm and maple.

The wheat fields of Northern Dakota have made it famous all over the civilized world. In the southern part of the State more attention is given to stock raising and general farming. Sugar beets have been cultivated largely the last three years. Of the 45,000,000 acres about three fourths are susceptible of profitable tillage. About 4,000,000 acres are under cultivation.

The educational and religious facilities are all that could be desired.

There are no mineral springs in North Dakota.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

National Union Vaccine Co. PRICES:—10 Points, $1; Selected Points, each 25c, or 5 for $1. **Vaccine Farm, ENGLEWOOD, ILL.**

Rate of Mortality in North Dakota, as computed from U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
182,719	1,716	9.39	1,712	4	9.40	6.71

Total number of deaths from consumption during 1890 was 167, which was at the rate of .91 per 1,000 of population, or 97.32 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

MEDICAL LAWS OF NORTH DAKOTA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF NORTH DAKOTA.

Be it enacted by the Legislative Assembly of the State of North Dakota:

SECTION. 1. The governor of the State shall appoint a Board of Examiners to be known as the State Board of Medical Examiners, consisting of nine members, of whom eight shall be practicing physicians in good standing, who shall hold their office for three years after such

QUICKINE, "The Ideal Antiseptic." "Of inestimable value in a physician's office." Sold by all druggists at about 10c. per oz. Mnf'd only by Standard Chemical Co., Jersey City, N. J.

appointment and until their successors are appointed; provided that the members thereof first appointed under this act shall be divided into three classes, each class to consist of three. The first class shall hold office under such appointment for the period of one year; the second class for two years, and the third class for three years from the date of their respective appointment. It is further provided that no member thereof shall be appointed to serve for more than three terms in succession, and no member of any college or university having a medical department shall be appointed to serve as members of said board. Two members of said board shall be homœopathic physicians and one a lawyer.

2. Said Board of Medical Examiners shall elect a president, secretary and treasurer and shall have a common seal. The president and secretary shall have the power to administer oaths. Said Board of Medical Examiners shall hold meetings for examination at such places as the board may designate, on the first Tuesday of January, April, July and October of each year, and such other meetings as said board may from time to time appoint. Said board shall keep a record of all the proceedings thereof, and also a record or register of applicants for a license, together with his or her age, time spent in the study of medicine, and the name and location of all institutions granting to such applicant degrees or certificate of lectures in medicine or surgery. Such register shall also show whether such applicant was rejected or licensed under this act. Said books and register shall be *prima facie* evidence of all matters therein recorded.

3. All persons hereafter, commencing the practice of medicine, surgery and obstetrics in any of its branches in this State, shall apply to said Board for a license so to do, and such applicant, at the time and place designated by said Board, or at the regular meeting of said Board, shall submit to an examination in the following branches, to wit: Anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventive medicine, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the Board shall deem advisable, and present evidence of having attended three courses of lectures of at least six months each; said Board shall cause such examination to be both practical and scientific, but of sufficient severity to test the candidates' fitness to practice medicine, surgery and obstetrics. When desired, said examination may be conducted in the presence of the dean of any medical school or the president of any medical society of the State. After examination, said Board shall grant a license to such applicant to practice medicine, surgery and obstetrics in the State of North Dakota, which said license can only be granted by the consent of not less than seven members of said Board, and which said license shall be signed by the president and secretary of said Board and attested by the seal thereof. The fee of such examination shall be the sum of twenty dollars, and shall be paid by the applicant to the treasurer of said Board, to be applied by the said Board towards paying the expenses thereof. And such Board may revoke or refuse a license for unprofessional, dishonorable or immoral conduct, for chronic or persistent inebriety, the practice of criminal abortion, or for publicly advertising special ability to treat or cure diseases which, in the opinion of said Board, it is impossible to cure. In complaints for violating the provisions of this section, the accused person shall be furnished with a copy of the complaint and given a hearing before said Board in person or by attorney. In all cases of refusal or revocation the applicant may appeal to the appointing power of said Board.

4. The person so receiving said license shall file the same or a certified copy thereof, with the register of deeds where he or she resides, and said register of deeds shall file said certificate or copy thereof, and enter a memorandum thereof, giving date of said license and name of person to whom same was issued, and the date of such filing, in a book to be provided and kept for that purpose, and a list of all certificates on file in his office; and upon notice to him of the change of location or death of a person so licensed, or of the revocation of the license granted such person, said register of deeds shall enter at the appropriate places in the records so kept by him a memorandum of said fact, so that the record so kept by the said register of deeds shall correspond with the records of the said board as kept by the secretary thereof. In case a person so licensed shall move into another county of this State, he or she shall procure from the register of deeds a certified copy of said license, and file the same with the register of deeds in the county in which he or she shall remove. Said register of deeds shal file and enter the same with like effect as if the same was the original license.

5. This act shall not apply to commissioned surgeons of the United States army or navy, to the physicians or surgeons in actual consultation from other States or Territories, or to actual medical students practicing medicine under the direct supervision of a preceptor.

6. Any person practicing medicine, surgery or obstetrics in this State without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof in any court of competent jurisdiction, shall be fined not less than fifty nor more than two hundred dollars, or by imprisonment in the county jail not less than ten days nor more than sixty days, or both fine and imprisonment. Any person shall be regarded as practicing within the measures of this act who shall append the letters "M. D." or "M. B." to his or her name, or for a fee prescribe, direct or recommend for the use of any person, any drug or medicine, or other agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease; *Provided*, however, this act shall not apply to dentists. It shall be the duty of the respective State's attorneys to prosecute violations of this act.

7. All acts and parts of acts heretofore passed inconsistent with the provisions of this act are hereby repealed.

Approved January 10, 1890.

A View of Hot Springs, South Dakota.

This resort is rapidly becoming the most famous health and pleasure resort in the West. Altitude, 3,500; climate, delightful; water, just about the temperature of the body, requiring neither hot nor cold water to temper. Hotels: Gillespie and Hot Springs House, both large, stone buildings, nicely equipped and managed; many smaller hotels and private boarding places.

The "New Minnekahta," which was completed in 1892, is an elegant, modern, stone building, 150 feet square, and complete in all appointments.

For pamphlets, giving more complete information, call on any agent of the Chicago & Northwestern Ry.; C., St. P., M. & O. Ry., or F., E. & M. V and S., C. & P. R. R's., or write

J. R. BUCHANAN, General Passenger Agent,

OMAHA, NEB.

Forbes Diastase. The vomiting of coherent curds by infants is *always* stopped when a little powdered cracker and a few drops of Forbes Diastase are mixed with the milk.
THE FORBES DIASTASE CO., CINCINNATI, OHIO, U. S. A.

OHIO.

CAPITAL, COLUMBUS.

POPULATION OF STATE, 3,672,316.

(Census of 1890.)

Males	1,855,736	Native	3,213,023
Females	1,816,580	Foreign	459,293
White	3,584,805	Chinese	205
Colored	87,113	Indians	193

The State of Ohio comprises an area of 39,964 square miles or 25,576,960 acres, and extends from 38° 25′ to 42° north latitude, and from 80° 28′ to 84° 42′ west longitude. It is bounded on the north by Michigan and Lake Erie, on the south and southeast by the Ohio river, which separates it from Kentucky and West Virginia, on the east by Pennsylvania, and on the west by Indiana. The surface is a high tableland, broken by ridges and ravines cut into the soft alluvial soil by the many streams which drain the State. The principal rivers are the Ohio, the Mahoning, the Muskingum, the Scioto, Maumee, Sandusky, Huron, Vermillion, Black, etc. The climate is mild and salubrious, the mean annual temperature varying from 49.99° at Cleveland to 54.72° at Cincinnati. The average annual rainfall is about 41 inches, being the greatest along the Valley of the Ohio. The mineral wealth of the State consists chiefly in its vast fields of bituminous coal, and its almost inexhaustible deposits of iron ore. Salt is mined extensively, and petroleum is obtained in the southeastern counties.

The soil is fertile and productive, and wheat, Indian corn and oats form the agricultural staples. The great dairy farms are found in the northeastern counties, while in the southeast wool growing is the principal industry. Fruit flourishes on the southern shore of Lake Erie.

The following table shows the increase in population during 70 years:

1820	581,295	1860	2,339,511
1830	937,903	1870	2,665,260
1840	1,519,467	1880	3,198,062
1850	1,980,329	1890	3,672,316

The religious and educational facilities are of a very high order and leave nothing to be desired.

There are several well-known medicinal springs in the State, one of the most famous of these being the Ripley Bromo-Lithia Spring, at Ripley.

The medical colleges of Ohio are: Medical College of Ohio (Medical Department, University of Cincinnati), Cincinnati; Western Reserve University Medical Department (Cleveland Medical College, Medical Department of Adelbert College

of Western Reserve University), Cleveland; Eclectic Medical Institute, Cincinnati; Starling Medical College, Columbus; Homœopathic Hospital College, Cleveland; Cincinnati College of Medicine and Surgery, Cincinnati; Miami Medical College (Medical Department of the University of Cincinnati), Cincinnati; Medical Department of the University of Wooster, Cleveland; Pulte Medical College (Homœopathic), Cincinnati; Columbus Medical College, Columbus; American Eclectic Medical College, Cincinnati; Toledo Medical College, Toledo; Women's Medical College of Cincinnati, Cincinnati; National Normal University College of Medicine, Lebanon; Cleveland Medical College, Cleveland, and Ohio Medical University, Columbus.

Rate of Mortality in Ohio, as Computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
3,672,316	49,844	13.57	47,844	2,000	13.35	22.85

The total number of deaths from consumption during 1890 was 6,393 which was at the rate of 1.74 per 1,000 of population, or 128.26 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Cincinnati Sanitarium—Established, 1873. Capacity, 140. College Hill. Physician-in-charge, Dr. Orpheus Everts Matron, Mrs. Mary Everts.

City Home and Hospital—Established, 1891. Capacity, 12. 1217 N. Main, Findlay. Matron, Miss Mary O'Connor.

OUR NEW ABSORBENT

IT IS TWICE AS BULKY AS ANY OTHER ABSORBENT AND WILL GO TWICE AS FAR . . . .

OULO-KUTUN is the best Absorbent for Gynecologists.

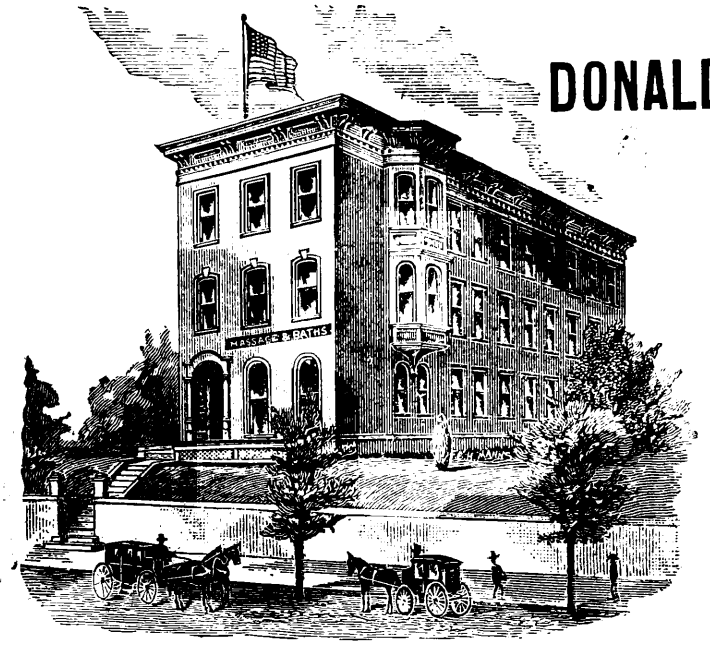
It is composed of nearly equal parts of fine sterilized lamb's wool and absorbent cotton, and is superior to any other absorbent, in that it possesses the valuable properties of both wool and cotton. It is the best for tampons or for packing the vagina, because it remains in open or absorbent condition much longer than either cotton or wool. For the patient it is much more pleasant, as it does not pack down hard or irritate. Gynecologists are invited to TEST its merits.

ANDERSON ANTISEPTIC VAGINAL CAPSULES

To Physicians.—Our Antiseptic Vaginal Capsules are large Capsules, properly shaped for introduction into the vagina, each containing an absorbent sterilized tampon. The capsule or shell is prepared from an antiseptic solution of purified gelatin, containing 5 per cent. of carbolic acid, and sufficient glycerine to render it perfectly soluble when subjected to the heat of the body and moisture. A stout linen thread is securely attached to each tampon, to facilitate its removal from the vagina when no longer needed.

The tampon is to be withdrawn from the capsule and medicated with whatever remedy the physician finds best adapted to the case under treatment. If the remedy is in a liquid form, all that is necessary is to saturate the tampon, replace it in the capsule and introduce.

THE HALL CAPSULE COMPANY,



MANUFACTURERS OF STANDARD EMPTY CAPSULES, WHITE AND "RUBY," ABSORBENT DRESSINGS, TABLET TRITURATES, HYPODERMIC GRANULES, ETC.

POST OFFICE ADDRESS:

CINCINNATI, OHIO.

SAMPLES AND COMPLETE DESCRIPTIVE CIRCULARS AND PRICE LISTS OF ANY OF OUR GOODS SENT ON APPLICATION.

LABORATORY: 13, 15 & 17 W. SEVENTH ST., COVINGTON, KY.

DONALD D. McDOUGALL,

Nos. 463 & 465 W. Sixth St.

AND

200 & 202 Carlisle Avenue,

CINCINNATI, OHIO.

MASSAGE, BATHS, ELECTRICITY,

AND GENERAL HYGIENIC TREATMENT OF PATIENTS, UNDER THE DIRECTION AND ADVICE OF THEIR OWN PHYSICIANS.

OUR FACILITIES ARE UNEXCELLED

AMONG THE REMEDIAL AGENCIES EMPLOYED AS PRESCRIBED ARE THE FOLLOWING:

Massage in all its forms, by thoroughly trained manipulators; Electricity in all its forms; Electric Light Bath, Electro-Electric Light Bath, Electro-Thermal Bath, Electro-Vapor Bath, Electro-Russian Bath, Improved Turkish Bath, Mud Bath, Vapor Bath, Russian Bath, Water Baths of every description; Scotch Douche Bath, Herb Bath, Alkaline Bath, Acid Bath, Sea Salt Bath, Saline Sponge Bath, Oil Bath, Sulphur Bath, liquid or vapor; Mercurial Bath, liquid, vapor or inunction; Blanket and Wet Sheet Packs, Salt Glow, Fomentations, Compresses, Witch Hazel Rub, etc., etc.

SPECIAL ADVANTAGES.

INDORSED BY THE MEDICAL PROFESSION.

LOCATION CENTRAL, fronting on West Sixth St., extending to Carlisle Avenue, in one of the quietest and most beautiful squares in the city; surrounded by lawns, near the principal R. R Depots and convenient to all street car lines. All the treatment rooms are perfectly lighted and ventilated.

A separate **Department for Ladies,** occupying the entire second floor, thus insuring complete privacy. Thoroughly trained male and female assistants, who neither expect nor receive gratuities from patients. Patients are carefully watched while under treatment, and any unusual symptoms observed are reported to their respective physicians by the proprietor.

A limited number of patients are received for board and room. The table being supplied with everything that invalids need, and special dietatries are prepared when ordered by their physician.

For the best of references from the Medical Profession, and Circulars, describing the new Electric Light Bath, together with any further information desired, address

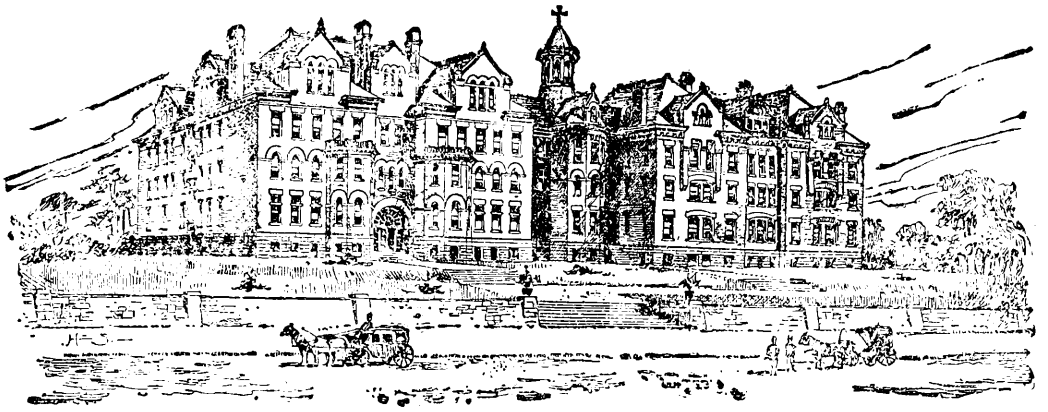
MEDICAL LAWS OF OHIO.

EXTRACTS, PERTAINING TO THE PRACTICE OF MEDICINE IN OHIO, FROM THE REVISED STATUTES OF OHIO, 1880—CHAPTER XV.

4403. No one who has not attended two full courses of instruction of at least twelve weeks each, and graduated at a school of medicine, either in the United States or a foreign country, or who cannot produce a certificate of qualification from a State or county medical society, and is a person of good moral character, shall practice, or attempt to practice, medicine in any of its departments, or prescribe medicine for reward or compensation, for any person within this State, except that when a person has been continuously engaged in the practice of medicine for a period of ten years or more, he shall be considered to have complied with the provisions of this chapter; and when a person has been in the continuous practice of medicine for five years or more, he shall be allowed two years in which to comply therewith: *Provided*, however, that any person who shall have graduated at any school of medicine in any State or foreign country in which any condition or restriction is imposed by the laws thereof upon the practice of medicine by the graduates of medical schools in Ohio, shall be subject to the same restrictions or conditions in the practice of medicine in this State as are imposed upon such graduates of medical schools of Ohio by the laws of such State or foreign country; and a person violating this section shall not be entitled to any compensation for services rendered.

6396. In counties containing cities of the first class having a population of one hundred and fifty thousand and over, it shall be the duty of physicians and professional midwives to keep a registry of the several births in which they have assisted professionally, which shall contain, as nearly as the same can be ascertained, the time of such birth, sex, color of the child, the names and residences of the parents; and physicians who have attended deceased persons in their last illness, clergymen who have officiated at the funeral and sextons who have buried deceased persons, shall keep a registry of the name, age and residence of such deceased persons at the time of their death. It shall be the duty of the physicians and professional midwives to report fully the births registered by them, as required by this chapter, to the judge of the probate court of the county every three months, viz: on or before the second Monday of the months of January, April, July and October of each year; in case there is no physician or midwife in attendance at any birth, then the parents shall be required to report to the probate judge within one month; and physicians, clergymen and sextons shall likewise report fully the deaths registered by them, as required by this chapter, to the judge of the probate court of the county every three months as above designated; and any person who shall neglect or refuse to comply with or violate the provisions of this chapter, shall forfeit and pay for each offence the sum of ten dollars, to be sued for and recovered in the name of the State of Ohio, and the penalty when recovered, shall be paid over, one-half to the school fund and one-half to the party making complaint thereof.

6813. Whoever, while in a state of intoxication, prescribes or administers any poison, drug or medicine to another, which endangers the life of such other person, shall be fined not exceeding one hundred dollars, and imprisoned not more than twenty days.



6815. Whoever prescribes any drug or medicine to another, the true nature and composition of which he does not, if inquired of, truly make known, but avows the same a secret medicine or composition, and thereby endangers the life of such other person, shall be fined not exceeding one hundred dollars and imprisonment not more than twenty days.

6990. Whoever uses upon another an anæsthetic, unless at its administration and during the whole time the person is wholly or partly under the direct influence of it, there is present a third person competent to be a witness, shall be fined not more than twenty-five nor less than five dollars.

6992 Whoever prescribes, or practices or attempts to practice, medicine in any of its departments, or performs or attempts to perform a surgical operation, without having attended two full courses of instruction, and graduated at a school of medicine, either in this or a foreign country, or who cannot produce a certificate of qualification from a State or county medical society, shall, for the first offense, be fined not more than one hundred dollars, nor less than fifty dollars, and for each subsequent offense be imprisoned for the term of thirty days.

Campho-Phenique Prevents Suppuration in Fresh Wounds, whether Incised or Lacerated, and Controls it in Wounds in all Stages.

Mt. Carmel Hospital, WEST STATE STREET, COLUMBUS, - OHIO.

Mt. Carmel Hospital, having made a record in the successful treatment of the sick and suffering of all classes, continues to offer the superior advantages of the Institution at a comparatively moderate cost.

☐ The attention of the profession and the public generally is invited to the desirability of this Hospital for persons requiring treatment not practicable at home.

Patients are received for treatment in General and Orthopædic Surgery, Nervous Diseases, the Diseases of Women and in General Medicine.

Mt. Carmel Hospital was established in 1886 by the Sisters of the Holy Cross. It is admirably situated in the western section of the city, within easy access by the Broad Street line of cars. The location is in the highest and dryest portion of the city, and is one of the pleasantest and most wholesome in the West.

The advantages of the situation, from a sanitary point of view, cannot be overestimated, and in a great measure account for the immunity from hospital poisons which the Institution has so far enjoyed.

The wards, private rooms and schedule of prices are so arranged that all classes of patients can be accommodated, and avail themselves, at a comparately moderate cost, of the superior advantages which this Hospital affords.

Address all communications to the SISTERS OF THE HOLY CROSS,
MT. CARMEL HOSPITAL,
W. State Street, COLUMBUS, OHIO.

STEARNS'

Cascara Aromatic

Is a fluid extract (not a cordial, syrup or other *dilute* preparation.) of prime and selected two year old bark (Fresh bark contains a ferment which produces griping.).

Cascara Aromatic is sweet in taste (which children and women especially appreciate.) instead of being bitter, as is the ordinary fluid extract, powerful (Its dose is only ¼ to 1 fluidrachm.) yet gentle in effect, and in addition does not gripe (This, next to its taste, is its most valuable property, as ordinary bitter fluid extracts do.).

Surely an Ideal Laxative. Samples and Literature Free.

Frederick Stearns & Co.,

OKLAHOMA.

CAPITAL, GUTHRIE.

POPULATION OF TERRITORY, 61,834.

(Census of 1890.)

Males	34,733	Native	59,094
Females	27,101	Foreign	2,740
White	58,826	Chinese	25
Colored	2,973	Indians	10

The Territory was organized by Congress (approved May 2, 1890), is bounded on the north by Kansas and Colorado, on the south by Texas and Indian Territory, on the east by Missouri and on the west by New Mexico, and comprises an area (including the Cherokee country and No Man's Land) of 39,030 square miles, or 24,979,200 acres. The valleys of the rivers, in the eastern part, are fertile, but the western part, or No Man's Land, belongs to what was originally known as the "Great American Desert." The Arkansas and Canadian rivers, with their tributaries, drain the Territory. The climate is warm and dry, the western being the colder portion; the mean average temperature is 58° The mean annual rainfall is 31.2 inches. The river borders are fringed with cottonwoods and the land is mostly prairie. A school system for the Territory was provided for by the first Legislature. Acts have also been passed providing for the establishment of an agricultural and mechanical college, a Territorial normal school and a Territorial university.

Rate of Mortality in Oklahoma, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
61,834	352	5.69	332	20	5.64	6.06

Total number of deaths from consumption during 1890 was 21, which was at the rate of .34 per 1,000 of population, or 59.66 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Territorial Board of Health—Secretary and Territorial Superintendent of Public Health, J. A. Overstreet, M. D., Kingfisher.

Territorial Board of Medical Examiners—President, J. A. Overstreet, Kingfisher; Treasurer, Charles F. Waldron, Oklahoma; Secretary, E. O. Barker, Guthrie.

MEDICAL SOCIETIES.

Oklahoma Medical Society—Secretary, W. R. Thompson, Oklahoma.

MEDICAL LAWS OF OKLAHOMA.

No person shall be permitted to practice (medicine) in any of its departments in this Territory, unless he be a graduate of a medical college, or unless upon examination before a board composed of the county superintendent of public health, and two other physicians to be selected by the Territorial board of health, such person shall be found proficient in the practice of medicine and surgery, and shall be found upon proof to have been actually engaged in the practice of medicine for a term of not less than five years, and no person shall practice medicine unless he be of good moral character, and is not an habitual drunkard. Any person possessing the qualifications mentioned in this section shall, upon presentation of his diploma, or proof thereof by affidavit, if the same is lost or destroyed, and upon the affidavit of two reputable citizens from the county where he resides, that such applicant possesses the qualifications of a physician as prescribed herein, to the superintendent of public health, together with a fee of two dollars, receive from such superintendent of public health, a license certifying the applicant to be a practicing physician, and having the qualifications for such, as prescribed in this section, which license shall be recorded in the office of the register of deeds, in the county where such practicing physician resides. Any person who practices medicine or attempts to practice medicine without complying with the provisions of this section, shall be deemed guilty of a misdemeanor, and any person shall be regarded as practicing medicine within the meaning of this section who shall profess publicly to be a physician and to prescribe for the sick, or who appends to his name, M. D., but nothing in this section shall be construed to prohibit students from prescribing under the supervision of preceptors, or to prohibit gratuitous services in case of emergency, nor shall this section apply to commissioned surgeons in the United States army and navy. Any person violating any of the provisions of this act, or who shall prevent or attempt to prevent the several officers of the public health, or persons employed by them, from performing any of the duties prescribed in this act to be performed by any such officers, or any practicing physician who shall fail to report to the county superintendent of health the existence of any contagious or infectious diseases, and any person who shall wilfully conceal any case of contagious or infectious disease, either among persons or animals shall be deemed guilty of a misdemeanor. The district court shall, upon the complaint of any member of the Territorial board of health, or the county board of health where he resides, have power to cancel any license that may be issued to any person to practice medicine, where such license was fraudulently obtained, or where the person to whom such license was issued has been guilty of violating any provisions of this act.

STEARNS' WINE OF COD LIVER OIL

... WITH ...

PEPTONATE OF IRON.

AN ENTIRELY NEW AND ORIGINAL PREPARATION, which contains 25 per cent. of pure Cod Liver Oil, as represented by its active medicinal constituents, Morrhuine, Butylamine, Amylamine, Iodine, Bromine and Phosphorus, all of which are contained in its true alcoholic extract, **MORRHUOL.**

Modern investigation has proven that the value of Cod Liver Oil as a medicinal agent is not due simply to the fact of its being an oil, but to the valuable active principles which it contains, as noted above.

Each fluidounce of the Wine contains four grains of **PEPTONATE OF IRON,** the most readily assimilated and most valuable of all forms of Iron, it being partially predigested and free from styptic properties.

Stearns' Wine may be used in all cases where Cod Liver Oil and Iron are indicated, and furthermore it is devoid of all the objectionable features hitherto attending the administration of Cod Liver Oil in any form.

Samples, literature and clinical reports sent free to any physician mentioning this publication.

FREDERICK STEARNS & CO.,

Manufacturing Pharmacists, DETROIT, MICH.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted.*

OREGON.

CAPITAL, SALEM.

POPULATION OF STATE, 313,767.

(Census of 1890.)

Males	181,840	Native	256,450
Females	131,927	Foreign	57,317
White	301,758	Chinese	9,565
Colored	1,186	Indians	1,258

The State of Oregon extends from 42° to 46° 18′ north latitude, and from 116° 40′ to 124° 25′ west longitude, and is bounded on the north by Washington Territory, from which it is partly separated by the Columbia River, on the south by California and Nevada, on the east by Idaho, and on the west by the Pacific Ocean. It comprises an area of 95,274 square miles, or 60,975,360 acres, and is divided unequally by the Cascade Mountains. East of them the surface is an undulating tableland diversified with cone-shaped hills and deep canons. Between the Cascade and coast ranges is the fertile valley of the Willamette, 140 miles in length and about 40 in width ; and from the coast range west the surface is hilly and mountainous. This last named section is adapted to stock raising and wool growing, and winter wheat, hay and oats thrive here. All cereals flourish luxuriantly in the Willamette valley, and the eastern portion is the great stock raising section of Oregon.

The principal rivers are the Columbia, the Snake, the Willamette, the Umpqua, the Rogue and the Klamath.

The climate is mild, equable and salubrious, the mean annual temperature ranging from 44° near the Cascade Mountains to 50° in the vicinity of the ocean. The average annual rainfall increases from 44 inches in the mountains to 60 near the sea coast. Dense forests of coniferous trees cover the valleys and hill slopes, and there is no lack of the different varieties of deciduous trees common to the Pacific coast. Gold, silver, coal, iron and copper are all found in paying quantities, and constitute the mineral wealth of Oregon.

The following table shows increase in population from 1850 to 1890:

1850	13,294	1880	174,768
1860	52,465	1890	313,767
1870	90,923		

There are a number of mineral springs in Oregon.

There are two medical colleges in the State, the Medical Department Willamette University, Portland, and the University of the State of Oregon, Medical Department, Portland.

"SARATOGA BATHS," H. M. LEVENGSTON, JR., Proprietor, SARATOGA SPRINGS, N. Y. (See Adv., Page 14.)

Rate of Mortality in Oregon, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
313,767	2,575	8.21	2,537	38	8.41	3.16

Total number of deaths from consumption during 1890 was 305, which was at the rate of .97 per 1,000 of population, or 118.45 per 1,000 of total deaths.

Posture in Medicine and Surgery.

COPYRIGHTED 1892.

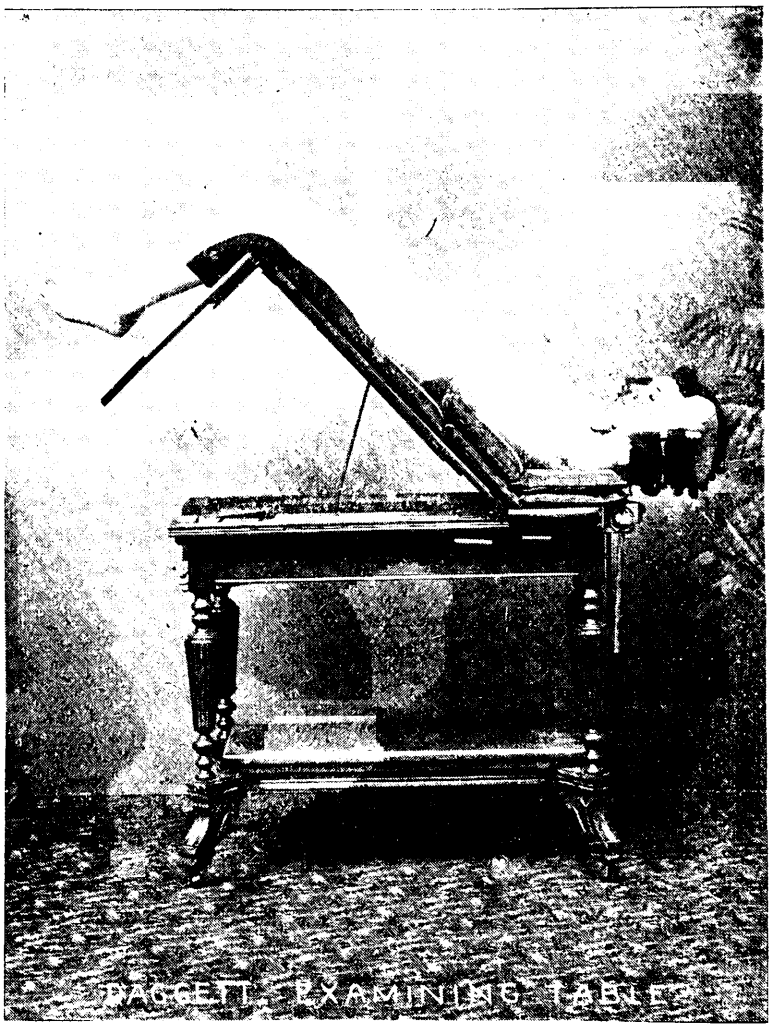
STAR PLATFORM TABLE.

With the model placed in the exaggerated lithotomic posture, the thighs and legs being fully flexed and abducted and supported by the spool crutches. The patient is given the anesthetic in the horizontal position, when the top is raised as illustrated in this figure, and is supported by the drops seen therein. The crutches are adjusted as desired, the legs are then carried over and placed upon them, and the slide is pushed in out of the way. The design is artistic, and is used largely for a library table. The tops of all our tables are 24x40 inches, and they are 32 inches in height. We make stilts which will raise this table to any height desired.

Tables from $18 to $90; 22 Positions.

Table crutches for use on any table; can be folded for carrying. We also manufacture light, folding, portable leg crutches, which can be used upon any bed, lounge, chair or table. The table illustrated in The American System of Gynecology, and The Encyclopædia of Gynecology and Obstetrics. Physicians cannot afford to omit this useful method of diagnosis and means of operative treatment in preparing their armamentarium. Send 2 cent stamp for

Posture in Medicine and Surgery.



THE DAGGETT TABLE CO.,

B. B. DAGGETT, Manager,

BUFFALO, - - NEW YORK.

THE DAGGETT POSTURING TABLE,

PATENTED JULY 31, 1888; MARCH 31, 1891.

COPYRIGHTED 1892.

STANDARD with the model placed in the Trendelenburg posture. The table top is placed in a horizontal position, a canvas stretcher is buckled around the arms of the crutches, forming a shoulder brace and head rest. The patient is anesthetized in the horizontal posture, and the pelvis is raised by means of the sliding lever at the head of the table, which is now used as the foot, and the pelvis is raised to an angle of forty-five degrees from the shoulders. The legs may be flexed, by dropping the leaf either before or after making the tilt, or they may be left straight, as the shoulder brace prevents the body from sliding.

Our tables are made of cherry and quartered oak, the grain is filled with silex, covered with four coatings of varnish and rubbed with pumicestone, making a hard, non-absorbing, aseptic and antiseptic surface. Our hospital tables and cushions are baked in a high grade of paraffine wax, which renders them impervious to fluids, so that they may be flushed after operations. Tables are mounted upon ball-bearing casters, are easily moved, and cover less space than the surgical chairs.

The Daggett Table Company,

215 Hudson Street, BUFFALO, N. Y., U. S. A.

MEDICAL LAWS OF OREGON.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF OREGON.

Be it Enacted by the Legislative Assembly of the State of Oregon:

SECTION 1. Every person practicing medicine and surgery in any of their departments, shall possess the qualifications required by this act. If a graduate of medicine, he shall present his diploma to the board of examiners hereafter provided for, for verification as to its genuineness. If the diploma is found to be genuine, and if the person named therein be the person claiming and presenting the same, the board of examiners shall issue its certificate to that effect, signed by at least two of the members thereof, and such diploma and certificate shall be deemed conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said board and submit himself to such examination as the said board shall require, and if the examination be satisfactory to the examiners, the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

2. The Governor shall appoint three persons from among the most competent physicians of the State, all of whom shall have been residents of the State for seven years, and of at least five years' practical experience in their profession, who shall be known as the "Board of Examiners for the State of Oregon," one of whom shall hold his office for one year, one for two years and one for three years, and each until his successor shall be appointed and qualified: and each year thereafter another commissioner shall be so appointed for three years, and until a successor be appointed as [and] qualified. If a vacancy occur in said board another shall be appointed as aforesaid to fill the unexpired term thereof. Said board shall elect one of their number secretary. All certificates shall be signed by at least two members of said board, of whom two shall constitute a quorum to do business, and shall have power to make by-laws and all necessary regulations for the proper fulfillment of their duties under this act.

3. The State Board of Examiners shall issue certificates to all who shall furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing, of whatever school or system of medicine; they shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board; they shall furnish to the county clerks of the several counties a list of all persons receiving certificates; *provided*, that nothing in this act shall authorize the Board of Examiners to make any discrimination against the holders of genuine licenses or diplomas under any school or system of medicine.

4. Said State Board of Examiners shall examine diplomas as to their genuineness, and if the diplomas shall be found genuine as represented, the secretary of the State Board of Examiners shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to such applicants; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer if he have a seal. Graduates may present their diplomas and affidavits as provided in this Act by letter or by proxy, and the State Board of Examiners shall issue a certificate as though the owner of the diploma was present.

5. All examinations of persons not graduates or licentiates, shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Oregon.

VACCINE VIRUS. CHICAGO VACCINE STABLES, OAK PARK, ILLINOIS.
E. W. WOOD, M. D., Proprietor. (SEE PAGE 1365.)

6 Every person holding a certificate from the State Board of Examiners shall have it recorded in the office of the county clerk of the county in which he resides, and the record shall be indorsed thereon. Any person removing to another county to practice medicine and surgery shall procure an indorsement to that effect on the certificate from the clerk of the county court, and shall have the certificate recorded in the office of the clerk of the county to which he removes, and the holder of the certificate shall pay to said clerk of said county the usual fees for making the record.

7. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

8. Examinations may be made in whole or in part, in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner, and for each and every one so examined they shall receive the sum of three dollars.

9. The Board of Examiners may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes, after giving the accused an opportunity to be heard in his defense before the board.

10. Any person shall be regarded as practicing medicine, within the meaning of this Act, who shall profess, publicly, to be a physician, and prescribe for the sick, or who shall append to his name the letters "M. D.;" but nothing in this Act shall be construed to prohibit students from prescribing under the supervision of a preceptor, or to prohibit gratuitous services in case of emergency; and this Act shall not apply to commissioned surgeons of the United States army, navy and marine hospital service.

11. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of diseases or injury, or who shall by writing, printing or any other method, publicly profess to cure or treat diseases, injuries or deformities by any drug, or nostrum, shall pay to the State a license of one hundred dollars per month, to be collected as provided by law, as all other licenses are now collected, and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not to exceed five hundred dollars ($500), or by imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment.

12. Any person practicing medicine or surgery in this State without complying with the provisions of this act shall be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, nor more than three hundred and sixty-five days, or by both such fine and imprisonment, for each and every offense; and every person filing or attempting to file as his own the diploma or certificate of another, or a forged affidavit or identification, shall be guilty of a felony, and upon conviction thereof shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery in the second degree, but the penalties shall not be enforced until a period of six months after the passage of this bill.

13. The provisions of this act shall not apply to those who are now practicing medicine or surgery within the State of Oregon; *provided*, they shall, within sixty days after the passage and approval of this act, cause their names and places of residence to be registered in the office of the county clerk of the county in which they reside, in a registry book there to be kept by said clerk, and to be named a registry book of practicing physicians and surgeons.

14. Inasmuch as there is urgent need for the protection to be provided by this act, the same shall take effect and be in force from and after its approval by the Governor.

Filed in the office of the Secretary of State, February 28, 1889.

ALE AND BEEF PEPTONIZED
Dr. J. C. Culbertson, Cincinnati, Ohio, says: "I am very glad to hear of and note the great success you are having with Ale and Beef, Peptonized. As a Nutrient Tonic it is just the thing in a host of cases. The name itself commands and strikes attention at once." ☞ YOUR DRUGGISTS HAVE IT.

DIKE'S ESSENCE OF PEPSIN.

A Permanent Liquid Digestive Containing the Essential Organic Ferments of the Gastric Juice.

This Essence of Pepsin is prepared direct from fresh stomachs, and therefore its sensitive constituents have not been impaired in efficacy by contact with vigorous chemical agents. It possesses in a marked degree the characteristics of the gastric juice, viz., its curdling power on milk and its capacity for digesting caseine, fibrin, legumin, egg albumen and other protein bodies.

One fluidrachm will curdle from one to two pints of milk in a few minutes if kept at 100° F. This characteristic makes it possible to use the essence in the preparation of WHEY and JUNKET. Experience justifies the claim that it is a valuable therapeutic agent in impaired nutrition, dyspepsia and malassimilation of food. The symptoms of nausea, heartburn, sour eructations, dizziness, heaviness at the stomach and other distressing attacks will be promptly relieved by the use of this preparation.

Each fluidrachm of this preparation will digest 3,000 grains of albumen, each minim being equal to one grain Sacch. Pepsin, U. S. P.

DOSE.—The dose is a teaspoonful immediately after meals.

FREDERICK STEARNS & CO.,

CATGUT FOR SURGICAL PURPOSES. L. H. KELLER & CO., 64 Nassau Street, New York, N. Y. (See Page 9.)

PENNSYLVANIA.

CAPITAL, HARRISBURG.

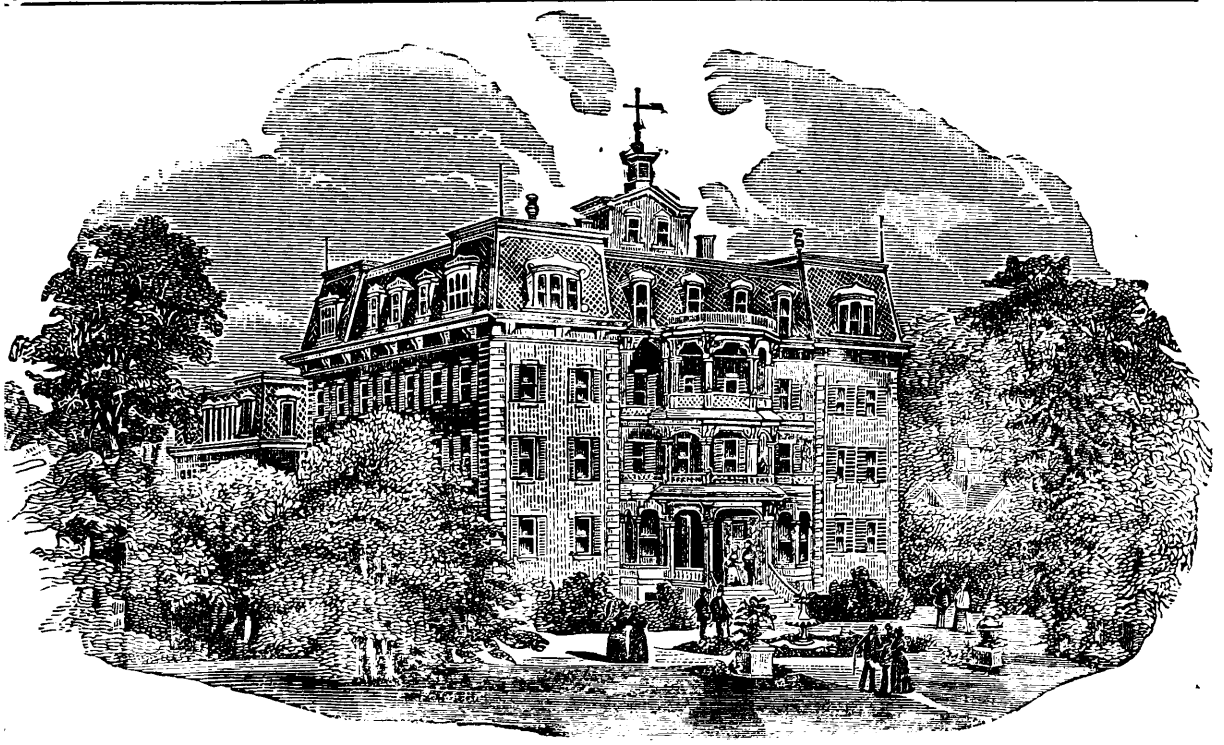
POPULATION OF STATE, 5,258,014.

(Census of 1890.)

Males	2,666,331	Native	4,412,294
Females	2,591,683	Foreign	845,720
White	5,148,257	Chinese	1,178
Colored	107,596	Indians	983

The second State in the Union, as regards wealth and population, was one of the original 13, and extends from 39° 43′ to 42° 15′ north latitude, and from 74° 40′ to 80° 41′ west longitude. It comprises an area of 46,000 square miles, or 29,440,000 acres, and is bounded on the north by Lake Erie and the State of New York; on the south by Delaware, Maryland and West Virginia; on the east by New York and New Jersey, and on the west by Ohio and West Virginia. The surface is varied, being rolling and broken in the west, hilly and mountanious in the interior, and level or slightly undulating in the southeast. Several mountain ranges traverse the State from northeast to southwest. The principal rivers of Pennsylvania are the Ohio river, which is formed at Pittsburgh by the confluence of the Allegheny and Monongahela rivers; the Susquehanna river, which drains a large area; the Delaware river, the Juniata river, the Lehigh, Schuylkill and Brandywine rivers, besides which, innumerable streams and creeks irrigate and drain the entire State. The climate varies with the elevation; the higher portions are cool in summer, and the winters in these regions are very severe, while the lower portions have very warm summers and mild winters. The mean annual temperature ranges from 44° in the northern counties to 52° in the southeast, and the rainfall varies in like manner from 38 inches to 45 inches, and even more in the southeast corner. Vast forests of coniferous and deciduous trees cover nearly one-fourth of the entire area, and the vegetation generally is rich and varied. The mineral wealth of Pennsylvania consists chiefly of its iron and coal mines, but petroleum, salt, marble, limestone, granite, graphite, nickel and chromium are found in large and paying quantities. It is pre-eminently an agricultural State, and wheat, corn, oats, tobacco and potatoes are the staples; dairy farming is also an important industry.

The following table shows increase in population during 70 years:



1820	1,047,507	1860	2,906,215
1830	1,348,233	1870	3,521,951
1840	1,724 033	1880	4,282,891
1850	2,311,786	1890	5,258,014

There are numerous well-known mineral springs in the State.

BURN-BRAE

A Private Hospital for Mental and Nervous Diseases.

Founded by the late ROBERT A. GIVEN, M. D., 1859.

Clifton Heights, Delaware Co., Pa.

This Institution is located a few miles west of the City of Philadelphia, and is designed to accommodate a limited number of patients of each sex.

Burn-Brae has been in operation for more than thirty years, and now numbers its friends in all sections of the Union. No better proof of the confidence reposed in its management by the profession and the community at large could be given, than the extensive improvements and additions that have been made during the last few years—not for the purpose of adding to the number of patients already provided for, but in order to increase the size of the old dormitories, and of erecting conservatories in the ladies' apartments.

The grounds, originally twenty-five acres in extent, have been increased to fifty-eight acres, thus, besides securing to the inmates perfect privacy, affording them in their walks the pleasing variety of hill and valley, meadow, brook and woodland.

The fact is now fully recognized by psychological physicians, that the less we treat the insane as exceptional beings, by immuring them in large hospitals, under strict discipline and modes of life widely different from the social amenities of home, the more likely is recovery to take place. Hence the advantage of small establishments where the arrangements are homelike and familiar.

It is the desire of the management of Burn-Brae to make it in every respect a home for their guests. The location is beautiful and salubrious; the house, though possessing all the safeguards and appliances of a public hospital in external appearances and internal arrangements, presents nothing to unfavorably impress the inmates.

The agreeable and soothing influence of music; the in-door games of chess, billiards, backgammon, ten-pins, shuffle-board; the open-air amusements of croquet, lawn-tennis, cricket, foot-ball and boating, are provided for and daily resorted to by patients.

A lady, well educated and of exceptionable manners and deportment, resides in the same apartments and devotes her time to the lady patients, thus securing them on all occasions a pleasant companion and a watchful friend.

Access from Philadelphia by the Baltimore Pike, or take cars for Primos Station, on Central Division of P., W. & B. R. R., Depot Broad and Filbert Streets, Philadelphia.

MEDICAL LAWS OF PENNSYLVANIA.

During the session of 1880-81 an excellent bill was introduced—mainly through the instrumentality of Dr. T. B. Reed, of Philadelphia—into the Pennsylvania Legislature, providing for the creation of a State Board of Health, and the regulation of the practice of medicine through such board. Unexpected hostility to the measure was developed, resulting in its defeat, and the following act was subsequently passed:

AN ACT TO PROVIDE FOR THE REGISTRATION OF ALL PRACTITIONERS OF MEDICINE AND SURGERY.

Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met:

SECTION 1, etc. That the prothonotary of each county shall purchase a book of suitable size, to be known as the medical register of the county (if such book has not been purchased already), and shall set apart one full page for the registration of each practitioner; and when any practitioner shall depart this life, or remove from the county, he shall make a note of the same at the bottom of the page, and shall perform such other duties as are required by this act.

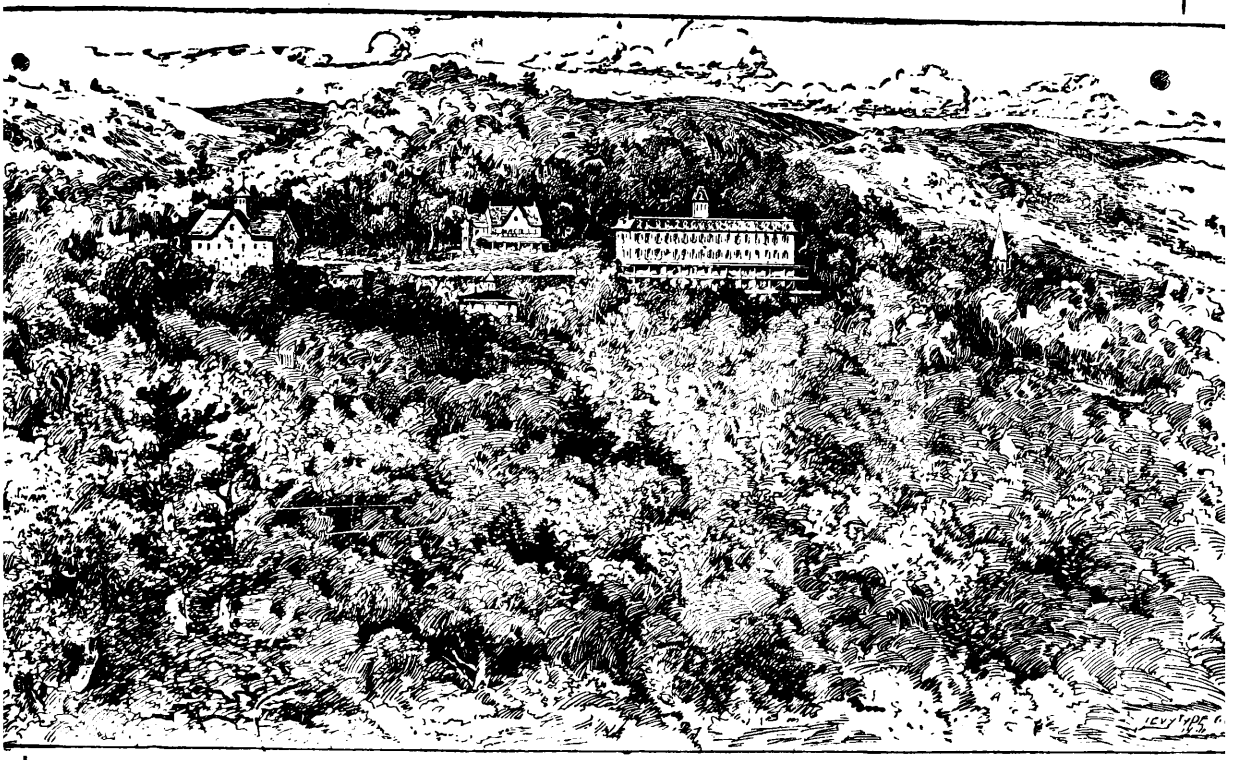
2. Every person who shall practice medicine or surgery, or any of the branches of medicine or surgery for gain, or shall receive or accept for his or her services as a practitioner of medicine or surgery, any fee or reward, directly or indirectly, shall be a graduate of a legally chartered medical college or university having authority to confer the degree of Doctor of Medicine (except as provided for in section five of this act); and such persons shall present to the prothonotary of the county in which he or she resides or sojourns, his or her medical diploma, as well as a true copy of the same, including any endorsements thereon, and shall make affidavit before him that the diploma and endorsements are genuine; thereupon, the prothonotary shall enter the following in the register, to wit: the name in full of the practitioner, his or her nativity, his or her place of residence, the name of the college or university that has conferred the degree of Doctor of Medicine, the year when such degree was conferred, and in like manner any other degree or degrees that the practitioner may desire to place on record; to all of which the practitioner shall make affidavit before the prothonotary, and the prothonotary shall place the copy of such diploma, including the endorsements, on file in his office for inspection by the public.

3. Any person whose medical diploma has been destroyed or lost, shall present to the prothonotary of the county in which he or she resides or sojourns, a duly certified copy of his or her diploma; but if the same is not obtainable, a statement of this fact, together with the names of the professors whose lectures he or she attended; and the branches of study upon which each professor lectured, to all of which the practitioner shall make affidavit before the prothonotary, after which the practitioner shall be allowed to register in manner and form as indicated in section two of this act, and the prothonotary shall place such certified statement on file in his office for inspection by the public.

4. Any person who may desire to commence the practice of medicine or surgery in this State after the passage of this act, having a medical diploma issued or purporting to have been issued by any college, university, society or association in another State or foreign country, shall lay the same before the faculty of one of the medical colleges or universities of this Commonwealth for inspection; and the faculty, being satisfied as to the qualifications of the applicant and the genuineness of the diploma, shall direct the dean of the faculty to endorse the same, after which such person shall be allowed to register as required by section two of this act.

5. Any person who has been in the continuous practice of medicine or surgery in this Commonwealth since one thousand eight hundred and seventy-one without the degree of Doctor of Medicine, shall be allowed to continue such practice, but such person shall nevertheless appear before the prothonotary of the county in which he or she resides, and shall present to him a written statement of these facts, to which the practitioner shall make affidavit. Thereupon, the prothonotary shall enter the following in the register, to wit: The name in full of the practitioner, his or her place of nativity, his or her place of residence, the time of continuous practice in this Commonwealth, and the place or places where such practice was pursued, to all of which the practitioner shall likewise make affidavit, and the prothonotary shall place the certified statement on file in his office for inspection by the public.

6. Every practioner who shall be admitted to registration shall pay to the prothonotary one dollar, which shall be compensation in full for registration, and the prothonotary shall give a receipt for the same.



7. Any practitioner who shall present to the faculty of an institution an indorsement, or to a prothonotary a diploma which has been obtained fraudulently or is in whole or in part a forgery, or shall make affidavit to any false statement to be filed or registered, or shall practice medicine or surgery without conforming to the requirements of this act, or shall otherwise violate or neglect to comply with any of the provisions of this act, shall be deemed guilty of a misdemeanor, and on conviction shall be punished for each and every offense by a fine of one hundred dollars, one-half to be paid to the prosecutor, and the other half to be paid to the county, or be imprisoned in the county jail of the proper county, for a term not exceeding one year, or both, or either, at the decretion of the court.

8. Nothing in this act shall be so construed as to prevent any physician or surgeon legally

GRAND VIEW SANITARIUM.

(The pioneer on the South Mountains.)

DRS. WENRICH & DEPPEN, Propr's.

WERNERSVILLE, PA.

WERNERSVILLE has a well earned reputation as a health resort—and this popular Sanitarium dates back in its history to 1847, which makes it one of the oldest in America, and yet withal one of the newest, for it constantly keeps pace with the times, and the hand of improvement is never idle.

We have here many natural advantages in the way of most beautiful and extended scenery, excellent, pure, sparkling spring water (which does fine service in kidney, liver and stomach diseases), and a salubrious climate, the air being dry and bracing (which has been favorably compared to Colorado). Sudden great changes in temperature are unknown here, and the locality is well adapted for both summer and winter residence. Our institution is modernized and is heated by steam and open grates, is well ventilated, protected against fire by fire hose, fire escapes, fire extinguishers, night watchman, etc. We have the modern facilities and conveniences for the administration of electricity, baths, such as Turkish, Russian, Electro-Vapor, Electric-Medicated, etc., as well as ample facilities for water treatment. First class Masseur and Masseues constantly in attendance. Medicines not discarded if plainly indicated. A fine chapel is on the grounds. For amusement and exercise we have a fine gymnasium, pool room, ten-pin alley, croquet, lawn tennis, etc., besides fine walks and drives. Telegraph and telephone connections. United States express to all points. Mail to and from the House three times a day. Nine trains daily each way. Magazines, Reading, Philadelphia and New York papers supply the House. We are but 9 miles from the city of Reading, with its 60,000 inhabitants, one and a half hours from Harrisburg, the State capital, two and a quarter hours from Philadelphia, four and a quarter hours from New York City, six hours from Baltimore, Md., and seven hours from Washington, our National capital.

The Cuisine is in competent hands, and everything in season finds its way to the table, tastily and palatably prepared.

For descriptive pamphlet and further particulars address the proprietors.

THE CHICAGO
THROAT, NOSE AND EAR HOSPITAL

3208 Prairie Ave., CHICAGO, ILL.

FOR THE TREATMENT OF THE SURGICAL DISEASES of the MOUTH, THROAT, NOSE, FACE, EAR AND NECK,

Such as Cleft-Palate; Hare-Lip; Tumors of the Nose, Mouth, Throat and Larynx; Adenoid Growths; Intubation; Tracheotomy; Plastic Operations about the Face; Goitre; Enlarged Glands; Trephining the Mastoid, and all operations pertaining to these parts and organs.

For information address

W. A. DUNN, M. D., Surgeon.

R. C. BLOCK, M. D., Asst. Surgeon. Telephone 8694.

Eligible Antiseptics and Disinfectants.

Eucalyptus and Thymol Antiseptic is adopted for use as an antiseptic internally, externally, hypodermically, as a douche, a spray, by atomization, and as a deodorant. Its application in surgery is unlimited. It is an excellent dressing for wounds. It combines the antiseptic virtues of benzoic acid, boric acid, oil of peppermint, oil eucalyptus, oil wintergreen, oil thyme and thymol.

Chloranodyne is a combination of anodynes, antispasmodics, and carminatives which has been widely employed in gastric and intestinal troubles. It acts very happily as an anodyne and as an astringent in cholera, dysentery, diarrhœa and colic.

Antiseptic Liquid arrests decomposition and destroys noxious gases that arise from organic matter in sewers and elsewhere, and may be used in cellars, barns, outhouses, and the sick-room.

Antiseptic Tablets are convenient for the extemporaneous preparation of antiseptic solutions of definite strength of mercuric bichloride for disinfectant purposes and for antiseptic sprays.

Disinfectant Powder possesses in a high degree disinfectant, absorbent, and antiseptic properties. It is admirably adapted for the disinfection of excreta in cholera, yellow fever, and typhoid fever.

Sulphur Bricks are effectual in the fumigation and disinfecting of rooms after infectious diseases.

PARKE, DAVIS & CO.,

The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.
The sale of Ale and Beef, Peptonized, with us has been wonderfully large since you introduced it in Philadelphia. It meets with great favor among most of our prominent physicians. Yours truly,
GEO. B. EVANS, Pharmacist, Philadelphia, Pa.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.
Dr. T. J. Yarrow, 1335 North Broad St., Philadelphia, says: "I can't speak too highly of your Ale and Beef, Peptonized. As a Nutrient Tonic in cases convalescing from fevers and other wasting diseases, it has no equal. I bespeak for it a grand success."

RHODE ISLAND.

CAPITAL, NEWPORT.

POPULATION OF STATE, 345,506.

(Census of 1890.)

Males	168,025	Native	239,201
Females	177,481	Foreign	106,305
White	337,859	Chinese	74
Colored	7,393	Indians	180

The State of Rhode Island extends from 41° 18′ to 42° 5′ north latitude, and from 71° 8′ to 71° 53′ west longitude, and is bounded on the north and east by Massachusetts, on the south by the Atlantic ocean, and on the west by Connecticut. It is the smallest State in the Union, comprising an area of 1,306 square miles or 835,840 acres. The surface is generally rough and hilly, but there are no mountain ranges and but few hills of any eminence.

The principal rivers are the Pawtucket, the Pawcatuck and Pawtuxet, all of which furnish excellent water power.

Nearly one fourth of the State is woodland. The soil is moderately fertile, but many parts are too rough for cultivation, and the cereal crop is merely nominal.

The climate, like that of all the New England States, is marked by great extremes, the winters being very cold and the summers correspondingly hot. The mean annual temperature at Providence is 47.91, and at Newport 49.39, and the average annual rainfall varies from 40 inches in the eastern part to 44 in the west.

Coal, iron ore, serpentine, limestone, sandstone and marble constitute the mineral wealth of Rhode Island.

"SARATOGA BATHS," H. M. LEVENGSTON, JR., Proprietor, SARATOGA SPRINGS, N. Y. (See Adv., Page 14.)

The following table shows increase in population during 70 years :

1820	83,015	1860	174,620
1830	97,190	1870	217,353
1840	108,830	1880	276,531
1850	147,545	1890	345,506

There are no medicinal springs in the State.

Rate of Mortality in Rhode Island, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
345,506	7,559	21.88	7,335	224	21.71	29.29

The total number of deaths from consumption during 1890 was 921, which was at the rate of 2.67 per 1,000 of population, or 121.84 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Butler Hospital for the Insane—Established, 1844. Capacity, 200. Butler av., Providence. Physician-in-charge, Wm. A. Gorton. Matron, Miss S. F. Emery,

Clark, Hope Valley; Recording Secretary, Wm R. White, 7 Greene, Providence; Corresponding Secretary, George D. Hersey, Providence; Treasurer, George L. Collins, Providence.

Rhode Island Medico-Legal Society—Secretary, H. Goodwin MacKaye, Newport.

Washington County Medical Society—Secretary, J. Howard Morgan, Westerly.

MEDICAL LAWS OF RHODE ISLAND.

Section 12 of chapter 85, Public Statutes of Rhode Island, 1882, having reference to the registration of births, deaths and marriages, provides that every clergyman, physician, coroner, undertaker, medical examiner, or clerk of any meeting of the Society of Friends, shall cause his name, residence and postoffice address to be recorded in the town clerk's office of the town where he resides. By another section of the same chapter he is required to report, with compensation, all still births and deaths in his attendance.

The physician is exempt from jury and military duty.

ALE AND BEEF PEPTONIZED
Dr. I. N Love, St. Louis, Mo., says: "I have additional evidence of the value of your Ale and Beef, Peptonized. I find in many cases of children s troubles it is well received. I have found it of special value for nursing mothers. It serves as a tonic, and increases the flow of milk in an admirable way."

SOUTH CAROLINA.

CAPITAL, COLUMBIA.

POPULATION OF STATE, 1,151,149.

(Census of 1890.)

Males	572,337	Native	1,144,879
Females	578,812	Foreign	6,270
White	462,008	Chinese	34
Colored	688,934	Indians	173

South Carolina, one of the 13 original States, is bounded on the north by North Carolina, on the southwest by the Savannah river, which separates it from Georgia, and on the southeast by the Atlantic. It extends from 32° to 35° north latitude and from 78° 35′ to 83° 30′ west longitude, is triangular in shape and comprises an area of 34,000 square miles, or 21,760,000 acres. The northwestern portion is mountainous; the southeastern low and swampy, and the intervening country is rolling and undulating. The principal rivers of the State are the Santee river, formed by the confluence of the Wateree and Congaree rivers; the Waccamaw river, Cooper river, Ashley river, Savannah river, etc., etc.

The climate is warm, but is tempered in the east by the vicinity of the ocean, and in the west by the elevation. The mean annual temperature ranges from 60° in the north to 67° in the south, and the average annual rainfall is about 45 inches. Vegetation is luxuriant; many of the tropical plants and shrubs flourish in the lower portions of the State and dense pine forests cover vast areas in central South Carolina. Mineral resources of the State are as yet only partially developed and consist of gold, iron ore, copper, lead, manganese and bismuth. Extraordinary crops of cereals and fruits are produced in the irriguous valleys and swamp lands.

The following table shows increase in population during 70 years:

1820	502,741	1860	703,708
1830	581,185	1870	705,606
1840	594,398	1880	995,577
1850	668,507	1890	1,151,149

There are several mineral springs in the State.

There is one medical college in the State, the Medical College of the State of South Carolina, at Charleston.

National Union Vaccine Co. PRICES:—10 Points, $1; Selected Points, each 25c, or 5 for $1. **Vaccine Farm, ENGLEWOOD, ILL.**

Rate of Mortality in South Carolina, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,151,149	15,495	13.46	5,047	10,448	10.92	15.16

Total number of deaths from consumption during 1890 was 2,112, which was at the rate of 1.83 per 1,000 of population, or 136.30 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

City Hospital—Established, 1887. Capacity, 200. Ambulance service. Lucas and Calhoun, Charleston. In charge of Faculty of Medical College of the State of South Carolina.

Quarantine Station—Established, 1870. Capacity, 50. Gulf Quarantine, Ship Island, near Charleston. Physician-in charge, Brewster M. Lebby, M. D.

St. Francis Xavier's Infirmary—Established, 1858. Capacity, 150. Ashley and Calhoun, Charleston. Physicians-in-charge, J. J. Edwards, M. D., M. Simons, M. D. Matron, Sister De Chontelle.

South Carolina Lunatic Asylum—Established, 1822. Opened, 1828. Capacity, 800. Elmwood av., Columbia. Physician in charge, James W. Babcock, M. D.

State Board of Health—Secretary, Henry D. Fraser, M. D., Charleston.

Medical College of the State of South Carolina—Charleston. Dean, Francis L. Parker, M D., 70 Hassell.

State Board of Medical Examiners—Secretary, James C. Willcox, M. D., Darlington.

MEDICAL SOCIETIES.

*Abbeville Medical Society.**

*Darlington Co. Medical Association.**

Medical Society of Columbia—Secretary, Frank W. Ray, Bull and Elmwood av.

South Carolina Medical Association—Next annual meeting 3d Wednesday in April, 1893, at Sumpter President, W. H. Nardin, Anderson ; Secretary, W. P. Porcher, 4 George, Charleston.

Sumter Co. Medical Association—Secretary, S. C. Baker, Sumter.

QUICKINE, "The Ideal Antiseptic." "Of inestimable value in a physician's office." Sold by all druggists at about 10c. per oz. Mnf'd only by Standard Chemical Co., Jersey City, N. J.

MEDICAL LAWS OF SOUTH CAROLINA.

AN ACT TO PROVIDE FOR THE APPOINTMENT OF COUNTY BOARDS OF PHYSICIANS TO EXAMINE DIPLOMAS OF PHYSICIANS AND SURGEONS IN THIS STATE.

SECTION 1. Be it enacted by the Senate and House of Representatives of the State of South Carolina, now met and sitting in general assembly, and by the authority of the same, that all physicians who shall engage in the practice of medicine or surgery in this State, before doing so shall submit their diplomas to a board consisting of three reputable physicians in each county in this State; said board shall be appointed by the Governor, upon the recommendation of medical societies of the said counties, where such societies exist, and in those counties where no medical society does exist, then upon the recommendation of the Senator and members of the House of Representatives from such counties.

2. That said board shall examine said diplomas when submitted, and if the holder is a *bona fide* holder of the same, and if the college issuing said diploma is a reputable medical college, and also submits a certificate of good moral character, said board shall certify to the fact, and upon the certificate so given the respective diplomas shall be registered by the clerk of the court of the county in which the physician so applying resides, in a book to be kept for the purpose by said clerks.

3. That all acts or parts of acts, so far as they conflict with the provisions of this act, are hereby repealed.

4. That nothing contained in this act shall in any wise affect or apply to physicians and surgeons who have already registered in accordance with the laws now of force.

Approved December 24, A. D., 1890.

DIKE'S PEPSIN.

DIGESTIVE POWER.
It will dissolve 2,000 times its weight of coagulated albumen in six hours.

NON-HYGROSCOPIC. It is free from peptone and other bodies which attract moisture and make a pepsin gum up. On this account, it can be safely combined with powders without special precaution, a superiority not possessed by *any other* high-power soluble-scale pepsin.

ODOR. It is sweet and wholesome, which shows that it is free from putrefactive and decomposition products.

SOLUBILITY. It is soluble, and can therefore be combined with solutions or dispensed in prescriptions. Its perfect solubility indicates the absence of deleterious constituents allied to mucous.

PERMANENCY. Dike's Pepsin retains its activity indefinitely. Its entire freedom from mucous, and its pleasant taste, indicate its freedom from putrefactive change, and in this state it will not undergo deterioration.

FREDERICK STEARNS & CO.,
SOLE MANUFACTURERS, - - - **DETROIT, MICH.**

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted.*

SOUTH DAKOTA.

CAPITAL, PIERRE.

POPULATION OF STATE, 328,808.

(Census of 1890.)

Males	180,250	Native	237,753
Females	148,558	Foreign	91,055
White	327,290	Chinese	195
Colored	541	Indians	782

South Dakota was admitted to the Union November 3, 1889. It extends from 43° to 46° N. latitude, and from 96° 22′ 30″ to 104° W. longitude, and is bounded on the north by North Dakota, on the west by Montana and Wyoming, on the east by Minnesota and Iowa, and on the south by Nebraska. It has an average length of 206 miles, with an average breadth of 375 miles, and comprises an area of 77,650 square miles, or 49,696,000 acres. The principal rivers are the Missouri and its tributaries, and the Dakota, the Vermillion and the Big Sioux. The temperature varies during the year from 34° below zero to 103° Fahrenheit. The climate is more mild and genial than the latitude would seem to warrant, and the winters, though cold, are dry, and the air is bracing and invigorating. The average rainfall is about 27 inches, and as it mostly occurs during the warm season, it is most beneficial to vegetation. The atmosphere is dry and clear, and, owing to the elevation, malarial diseases are almost unknown, whilst pulmonary complaints are comparatively rare Spring opens earlier than in Eastern States in the same latitude. South Dakota is mainly a prairie region, but the rivers are fringed with groves of cottonwood, ash, elm, oak and maple.

This State stands second as a wheat producer, being nearly the equal of Minnesota, whilst attention is given to stock raising and general farming. Rich mineral deposits are found in the western portion of the State, known as the Black Hills. Tin is one of the principal metals mined ; it is not so fine as Cornish tin, but purer and easier to mine. The total product of the precious metals for 1890 was $3,278,000 ; gold, $3,112,000 ; silver, $156,000. The hills are covered with forests of pine. Originally sought on account of its mineral wealth, it has proved to be, contrary to expectation, a remarkably fine agricultural and grazing country.

The educational and religious facilities are all that could be desired.

There are no mineral springs in South Dakota.

VACCINE VIRUS. CHICAGO VACCINE STABLES, OAK PARK, ILLINOIS.
E. W. WOOD, M. D., Proprietor. (SEE PAGE 1365.)

Rate of Mortality in South Dakota as computed from U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
328,808	2,705	8.22	2,694	11	8.23	7.25

Total number of deaths from consumption during 1890 was 208, which was at the rate of .63 per 1,000 of population, or 76.89 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Brown Co. Hospital—Established, 1886. Capacity, 17. Aberdeen. Superintendent, Adolph Roemer.

Homestake Hospital—Established, 1881. Capacity, 20. Ambulance service. Main, Lead. Physicians-in-charge, Drs. Dickinson and Freeman. Matron, Mrs Olney.

South Dakota Hospital for the Insane—Established, 1879. Capacity, 300. Yankton. Physician-in-charge, L. C. Mead. Matron, Miss Tillie Durks.

State Board of Health—Secretary, D. W. Robinson, M. D., Pierre.

MEDICAL SOCIETIES.

Aberdeen District Medical Society—Secretary, S. J. Coyne, Aberdeen.

Black Hills Medical Society—Secretary, G. W. Pratt, Belle Fourche.

Minnehaha Co. Medical Society—Secretary, F. H. Files, Sioux Falls.

State Eclectic Medical Society of South Dakota—Next annual meeting, May 25th, 1893, at Yankton. President, W. H. Coney, Yankton; 1st Vice-President, James Buchanan, Yankton; 2d Vice-President, C. O. Seaman, Delmont; Secretary, L. D. F. Poore, Yankton; Treasurer, F. E. J. Warrick, Yankton.

State Medical Society of South Dakota—Next annual meeting at Huron. President, A. L. Peterman, Parker; Secretary and Treasurer, R. C. Warne, Mitchell.

CAMPHO-PHENIQUE IS THE OFFICE REQUISITE OF THE BUSY PHYSICIAN.

MEDICAL LAWS OF SOUTH DAKOTA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF SOUTH DAKOTA.

§ 17. [*Medicine—Who May Practice.*] No person shall be permitted to practice medicine or surgery in any of their departments in this State unless he or she be a graduate of a lawful medical college, and no person shall practice medicine (or) surgery unless he be of good moral character and is not an habitual drunkard. Any person possessing the qualifications mentioned in this section shall, upon the presentation of his diploma, or a certified copy thereof from the college where said applicant graduated, if the same is lost or destroyed, together with a fee of five dollars, which sum shall be applied as a part of the superintendent's salary, receive from such superintendent of public health a license, certifying the applicant to be a practicing physician, and having the qualifications for such prescribed by this section, which license shall be recorded in the office of the register of deeds in the county where such practicing physician resides. Any person who practices medicine or surgery or attempts to practice the same without complying with the provisions of this section shall be deemed guilty of a misdemeanor, and any person shall be regarded as practicing medicine within the meaning of this section, who shall profess publicly to be a physician and to prescribe for the sick, or who appends to his name the letters "M. D.," but nothing in this section shall be construed to prohibit students from prescribing, under the supervision of preceptors, or to prohibit gratuitous services in case of emergency, nor shall this section apply to commissioned surgeons in the United States army and navy. Any person violating the provisions of this act, or who shall prevent or attempt to prevent the several officers of the public health, or persons employed by them, from performing any of the duties prescribed in this act to be performed by any such officer, or any practicing physician who shall fail to report to the county superintendent of public health the existence of any contagious or infectious disease, and any person who shall willfully conceal any case of contagious or infectious disease, either among persons or animals, shall be deemed guilty of a misdemeanor.

§ 18. [*Lawful Practioners not Affected.*] This act shall not affect those now in lawful practice of medicine, surgery and obstetrics in this State.

§ 19. [*State Board of Health may Cancel License.*] The State board of health shall, upon complaint being made to it on oath by two responsible persons, have power to cancel any license that may have been issued to any applicant for the practice of medicine, when such license was fraudulently obtained, or when the person to whom such license was issued is an habitual drunkard, is guilty of immoral practices or gross unprofessional conduct. Provided, that an appeal may be taken to the circuit court of the county in which he lives, by any person aggrieved thereby in the same manner as now provided by law, in cases of appeal from the decision of county commissioners.

National Union Vaccine Co. PRICES:—10 Points, $1; Selected Points, each 25c, or 5 for $1. **Vaccine Farm, ENGLEWOOD, ILL.**

TENNESSEE.

CAPITAL, NASHVILLE.

POPULATION OF STATE, 1,767,518.

(Census of 1890.)

Males	891,585	Native	1,747,489
Females	875,933	Foreign	20,029
White	1,316,738	Chinese	57
Colored	430,678	Indians	146

The State of Tennessee extends from 35° to 36° 41′ north latitude, and from 81° 45′ to 90° 14′ west longitude, and is bounded on the north by Kentucky and Virginia, on the south by Georgia, Alabama and Mississippi, on the east by North Carolina, and on the west by Arkansas and Missouri. It comprises an area of 45,600 square miles, or 29,184,000 acres. The surface is diversified by mountain ranges, table lands, valleys and low plains. The low lands are covered by vast forests, and the table lands and valleys are exceedingly fertile and yield immense crops of corn, cotton, grain and tobacco. The principle rivers of the State are the Obion, Forked Deer, Hatchee and Loosahatchee in the north, the Cumberland, Tennessee, Holston, Sequatchee, etc. The climate is mild, equable and salubrious, the mean annual temperature as observed at Nashville being 58.32, that of the summer 76.32, and of the winter 39.67. The average annual rainfall is about 45 inches. Tennessee is rich in marble, limestone and other building stones and coal. Copper and iron are abundant.

The following table shows increase in population during 70 years:

1820	422,771	1860	1,109,801
1830	681,904	1870	1,258,520
1840	829,210	1880	1,542,359
1850	1,002,717	1890	1,767,518

There are several well-known medicinal springs in the State.

The following are the medical colleges of the State: Medical Departments of the University of Nashville and Vanderbilt University, of Nashville; Medical Department University of Tennessee (Nashville Medical College), of Nashville; Meharry Medical Department of Central Tennessee College, at Nashville; Memphis Hospital Medical College (Medical Department Southeastern Baptist University), at Memphis; Tennessee Medical College, at Knoxville; Chattanooga Medical College (Medical Department of U. S Grant University, originally East Tennessee Wesleyan University), at Chattanooga; Hannibal Medical College, of Memphis; and Medical Department University of the South at Sewanee.

Rate of Mortality in Tennessee, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,767,518	23,854	13.49	16,281	7,573	12.18	17.58

Total number of deaths from consumption during 1890 was 3,637, which was at the rate of 2.06 per 1,000 of population, or 152.47 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Belair Infirmary—Established, 1890. Capacity, 20. 1528 Hayes, Nashville. Physician-in-charge, Richard Douglas. Matron, Miss M. S. Meriwether.

Briggs Infirmary—Established, 1891. Capacity, 25. Cor. Peabody and College, Nashville. Physicians-in-charge, Drs. W. T. and C. S. Briggs. Matron, Miss Clayton.

Central Hospital for the Insane—Established, 1852. Capacity, 450. Seven miles from Nashville. Physician-in-charge, John H. Callender. Matron, Ada L. Payne.

City Dispensary—154 Front, Memphis. Physician-in-charge, Wm. Krauss.

City Dispensary—Established, 1873. City Hall, Nashville. Prescriptionist, H. H. Stretch.

City Hospital—Established, 1882. Capacity, 25. Cor. State and Cumberland, Knoxville.

City Hospital—Established, 1851. Capacity, 125. Union av. and Walnut, Memphis. Physician-in-charge, Dr. J. E. Black. Matron, Mrs. Anna Crenshaw.

Drs. Maury & Mitchell's Sanitarium for Diseases of Women—Established, 1882, Capacity, 30. Ambulance service. 111 Court, Memphis. Physician-in-charge, Dr. R. B. Maury. Matron, Miss Denny.

Drs. Overall & Peete's Infirmary for Nervous Diseases—Established, 1890. Capacity, 16. 46 N. Court, Memphis. Physicians-in charge, Drs. Overall and Peete. Matron, Mrs. F. Adams.

East Tennessee Sanitarium—Established, 1891. Capacity, 75. Cumberland av., Knoxville. Physician-in-charge, Wm. C. Bailey, M. D. Lady Superintendent, Miss Patterson.

Eastern Hospital for Insane—Established, 1886. Capacity, 250. Kingston turnpike, Knoxville. Physician-in-charge, Michael Campbell.

Erlanger Hospital—Harrison av., cor Hampton, Chattanooga.*

Hamilton Co. Infirmary—Established, 1885. Capacity, 75. Ambulance service. Chattanooga. Physicians-in-charge, C. Holtzclaw and W. T. Hope. Matron, Jennie Hickson.

Hospital of the Good Shepherd—Established, 1886. Capacity, 25. Tennessee, Nashville. In charge of medical staff and internes. Matron, Sister Eliza.

Insane Asylum—Old Raleigh road, 6 miles northeast of Memphis.*

Lucy Brinkley Hospital for Women—Established, 1891. Capacity, 12. 106 Washington, Memphis. Physician-in-charge, Richard B. Maury, M. D. Matron, Miss None Prewitt.

Nashville City Hospital—Established, 1890. Capacity, 125. Nance, Nashville. Superintendent, Charles Brower, M. D. Chief Nurse, Miss Georgia P. Stone.

Salicin UNEQUALED in PYELITIS, CYSTITIS and URETHRITIS.
THE SEARLE & HERETH CO., CHICAGO.

Rogers' Infirmary—Established, 1882. Capacity, 28. 151 3d, Memphis. Physician-in-charge, W. B. Rogers. Matron, Miss Benton.

St. Joseph's Hospital—Established, 1890. Capacity, 85. 27 Johnson av., Memphis. Physician-in-charge, E. Miles Willett, M. D. Conducted by Sisters of St. Francis.

St. Vincent's Infirmary—Established, 1891. Capacity, 35. East Lake, Chattanooga. Staff of 24 physicians. Conducted by Sisters of Charity of Nazareth.

Southern Sanatorium—Missionary Ridge, Chattanooga. Physician-in-charge, Dr. R. P. Johnson.

U. S Marine Hospital—Established, 1885. Capacity, 50. Ambulance service. Cor. Deleware av., and Coffee, Memphis. Surgeon-in charge, L. L. Williams.

U. S. Marine Hospital Service—Patients cared for in City Hospital. Nashville. Surgeon-in-charge, Richard Douglas.

Western Asylum for the Insane—Established, 1889. Capacity, 350. Bolivar. Superintendent, John P. Douglas, M. D. Matron, Miss Pattie Pernell.

Chattanooga Medical College (Medical Department of U. S. Grant University)—Chattanooga. Dean, E. A. Cobleigh, M D., 729 Chestnut.

Hannibal Medical College—Memphis. Secretary and Dean, T. C. Cottrell, M.D., 73 Madison.

Medical Departments of the University of Nashville and Vanderbilt University—Nashville. Registrar, W L. Nichol. M. D., cor. Cedar and High.

Meharry Medical Department of Central Tennesse College—Nashville. Dean, G. W. Hubbard, M. D.

Memphis Hospital Medical College—Memphis. Dean, F. L. Sim, M. D.

Nashville Medical College (Medical Department of the University of Tennessee)—Nashville. Dean. Duncan Eve, M. D., 700 Church.

Sewanee Medical School (Medical Department of the University of the South)—Sewanee. Dean, Henry W. Blanc, M. D.

Tennessee Medical College—Knoxville. Registrar, Charles E. Ristine, M. D., P. O. Box 75.

State Board of Medical Examiners—President, J. B. Murfree, Murfreesboro; Vice-President, W. H. Halbert, Lebanon; E. E. Hunter, Elizabethton; W. L. McCreary, Knoxville; Heber Jones, Memphis; Secretary, T. J. Happel, Trenton.

MEDICAL SOCIETIES.

Chattanooga Homœopathic Medical Society—Secretary, W. W. French.

Chattanooga Medical Society—Secretary, Fred. B. Stapp, 9½ E. 8th.

Cumberland Plateau Medical Society—Secretary, Ralph De Ary, Wartburg.

Dyer Co. Medical Society—Secretary, Robert S. Murph, Dyersburg.

Gibson Co. Medical Society—Secretary, J. D. Butler, Trenton.

Hahnemann Club (Homœopathic and Eclectic)—Secretary, J. H. Enloe, Nashville.

Homœopathic Medical Society of Middle Tennessee—Secretary, Walter M. Dake, 218 N. Vine, Nashville.

Homœopathic Medical Society of Tennessee—Next annual meeting April, 1893, at Huntsville. President, H. G. Bayless, Knoxville; Vice-President, W. W. French, Chattanooga; Secretary, Clara Plimpton, Nashville; Treasurer, T. E. Enloe, Nashville.

Jefferson Medical Association—Secretary, Dr. T. W Gallion, Dandridge.

Knox Co. Medical Society—Secretary, Charles H. Brooke, Knoxville.

CATGUT LIGATURES. L. H. KELLER & CO., 64 Nassau St., NEW YORK, N. Y. (See Page 9.)

Medical Society of the State of Tennessee—Next annual meeting April 11th, 1893, in Nashville. President, C. W. Beaumont, Clarksville; Vice-Presidents, East Tennessee, A. D Scruggs, Knoxville; Middle Tennessee, W. K. Sheddan, Williamsport; West Tennessee, W. A. D. Coop, Dyersburg; Secretary, D. E. Nelson, Chattanooga.

Memphis Medical Society—Secretary, Andrew B. Holder, 69 Madison.

Nashville Academy of Medicine—Secretary, R. O. Tucker, 422 Monroe.

Nashville Gynæcological Society—Secretary, R. O. Tucker, 422 Monroe.

Tennessee State Eclectic Medical Society—Next annual meeting February, 1893, in Nashville. President, B. L. Simmons, Granville; 1st Vice-President, R. A. Hicks, Trenton (dead); 2d Vice-President, J. G. McClellan, Bluff City; Recording Secretary, J. P. Harvill, 1027 S. Market, Nashville; Corresponding Secretary W. H. Halbert, Lebanon; Treasurer, George M. Hite, Nashville.

Tipton Co. Medical Society—Secretary, L. A. Yarbrough, Covington.

Tri-State Medical Association of Mississippi, Arkansas and Tennessee—Secretary, Archibald L. Elcan, 275 Main, Memphis.

Tri-State Medical Society of Alabama, Georgia and Tennessee—Secretary, Frank Trester Smith, Chattanooga.

MEDICAL LAWS OF TENNESSEE.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF TENNESSEE.

SECTION 1. *Be it enacted by the general assembly of the State of Tennessee*, That no person shall practice medicine in any of its departments, except dentistry, within this State, unless such person possess all the qualifications required by this act. If a graduate in medicine, he shall present his diploma to the State board of medical examiners for verification as to its genuineness. If such a diploma is found genuine, and from a legally chartered allopathic, homœopathic or eclectic medical college in good standing with the school of medicine in which said college is classed, of which the State board of medical examiners shall be the judge, and if the person named therein be the person claiming and presenting the same, the State board of medical examiners shall issue a certificate to that effect, signed by all the members thereof, and such certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State.

2. *Be it further enacted*, That all persons who shall be in actual practice of medicine or surgery in the State at the time of the passage of this act shall, within six months after this act takes effect, be required to make satisfactory proof of this fact to the county court clerk of the county in which he resides, when said county court clerk shall issue a certificate in each case, in accordance with the facts, and such certificate shall entitle the lawful holder thereof to all the privileges contemplated in this act. A certified copy of this certificate shall be forwarded to the State board of medical examiners.

3. *Be it further enacted*, That any person wishing to enter upon the practice of medicine in any of its branches, except dentistry, after the passage of this act, shall present to the board of medical examiners a diploma from some medical college in good standing, and said board shall recognize any college that is recognized by the National Medical Association, or shall present himself before the board for examination upon the following branches, viz.: anatomy, physiology, chemistry, pathology, surgery, obstetrics and therapeutics. If the diploma be found genuine, or if the applicant for examination shall be found worthy and competent, then said board shall issue a certificate in each case in accordance with the facts, and such certificate shall entitle the lawful holder thereof to all the privileges of this act.

4. *Be it further enacted*, That immediately upon the passage of this act the governor shall appoint six graduate physicians, two from each grand division of the State, as a State board of medical examiners, whose duty it shall be to examine into the qualifications of all applicants for license to practice medicine or surgery in accordance with the foregoing sections of this act; provided that the three schools of medicine, viz.: Allopath, Homœopath and Eclectic shall be represented on said board of examiners. Not less than five shall constitute a quorum, and a majority of those present shall be necessary to reject any application, but such rejection shall not bar the applicant against a re-examination after the lapse of three months; provided that the members of the board representing each school of medicine shall have the right to examine all applicants of that school, and the board shall issue the certificate of qualification to applicants who are recommended by the members of the board who belong to said school after such examination.

Forbes Diastase Is a Specific in COLIC, especially in Infants. Please Report a FAILURE if noticed.
THE FORBES DIASTASE CO., CINCINNATI, OHIO, U. S. A.

5. *Be it further enacted*, That to prevent delay and inconveniences two members of the board may grant a temporary license to any applicant, and make report thereof to the board at the next regular meeting; such temporary license shall not continue in force longer than until the next regular meeting of the board, and such temporary license shall in no case be granted within six months after the applicant has been refused a license by the board.

6. *Be it further enacted*, That the first Board of Medical Examiners shall meet and organize thirty days from the date of their appointment, and shall name for the terms of one, two, three, four, five and six years respectively, deciding by lot or agreement among themselves as to their respective terms of service; at the expiration of the above terms each member of the board shall be appointed for six years; all vacancies occurring in the board by death or resignation shall be filled by the board itself for the remainder of such term or terms; the members of said board shall not be members of the State Board of Health, nor any medical faculty.

7. *Be it further enacted*, That the regular meetings of the board shall be once each year, at such time and place as the board may decide, but the president of the board may call a special meeting whenever it is demanded by public necessity, the call to be issued by the secretary and signed by the president.

8. *Be it further enacted*, That the Board of Medical Examiners are authorized to elect such officers and to form such by-laws as may be necessary for the efficient operations of the board.

9. *Be it further enacted*, That every person holding a certificate from the State board of Medical Examiners or the county court clerk, shall have it recorded in the office of the county court clerk in which he resides and the date of record shall be endorsed thereon. Until such record is made the holder of such certificate shall not exercise any of the rights or privileges therein conferred to practice medicine. Any person removing from one county to another to practice medicine shall record in like manner the certificate in the county to which he removes, and the holder of the certificate shall pay the county clerk the usual record fee for so doing. Practitioners in one county may go from one county to another on professional business without being required to register if they have done so in the county in which they reside.

10. *Be it further enacted*, That the county clerk shall keep in a book provided for the purpose a complete list of the certificates recorded by him, with the date of issue of each certificate and date of record. If the certificate be based on a diploma he shall record the name of the medical institution conferring it and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

11. *Be it further enacted*, That the Board of Examiners shall keep a record of its proceedings in a book for that purpose, which shall be open for inspection, and shall record the name of each applicant, the time of granting a license with the name of the members of the board present.

12. *Be it further enacted*, That the members of said board shall receive as a compensation for their services, ten dollars ($10) per day, during their sessions, and in addition thereto, their hotel and traveling expenses by the most direct route to and from their respective places of residence, to be paid out of any moneys in the treasury of the board, upon a certificate of the president and secretary. The board is empowered to demand a fee of one dollar ($1) for the issuing of each certificate. The fee for the examination of non-graduates shall be ten dollars ($10). If the applicant fails to pass a satisfactory examination, and no certificate or license is issued to him, five dollars ($5) only of his fee is to be retained. The fee for a certificate of temporary license shall be one dollar ($1), to be paid into the treasury of the board, said fee to be accredited to the applicant when he applies to the board for permanent license.

13. *Be it further enacted*, That any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of diseases or injury, or who may, by writing, printing or other method, profess to cure or treat diseases or deformity by any drug, nostrum, manipulation or other expedient, in this State, shall if found guilty, be fined in any sum not less than one hundred dollars ($100) and not exceeding four hundred dollars ($400) for each offense, to be recovered in action of debt before any court of competent jurisdiction.

14. *Be it further enacted*, That any person who shall practice medicine or surgery in this State without the certificate issued by the Board of Examiners, or county court clerk, as provided in section 2 in compliance with the provisions of this act, shall, for each and every instance of such practice, forfeit and pay to the people of the State of Tennessee, for the use of said Board of Examiners, the sum of twenty-five ($25) dollars for the first offense, and two hundred ($200) dollars for each subsequent offense, the sum to be recovered in an action of debt before any court of competent jurisdiction. Any person filing or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of felony, and upon conviction shall be subject to such punishment as is made and provided by the statute of the State for the crime of forgery. But this act is not to be construed so as to prohibit the right of appeal, and when an appeal is prayed in behalf of the people, no appeal bond shall be required or filed, whether the appeal be from a justice of the peace or from a higher court; but it shall be sufficient, in behalf of the people of the State of Tennessee, for the use of the Board of Examiners, to pray appeal, and thereupon appeal may be had without bond or security. Nothing in this act shall be construed to apply to women who pursue the avocation of midwife.

15. *Be it further enacted*, That the secretary and treasurer of the Board of Examiners shall give bond with good security in amount sufficient to cover all moneys coming into his hands, for the safe keeping of the same.

16. *Be it further enacted*, That the said board shall have power to revoke any license or certificate issued by them, when, upon satisfactory proof, it shall appear that the physician thus licensed has been guilty of immoral or unprofessional conduct.

17. *Be it further enacted*, That it shall not be lawful for the State board of examiners, or any member thereof in any manner whatever, or for any purpose to charge or obligate the State of Tennessee for the payment of any money; and the said State board shall look alone to the revenue derived from the operations of this act for the compensation designated in section

12 of this act, and if said revenue is not sufficient to pay each member in full, as per section 12, then the amount thus received shall be pro-rated between the members. But if there shall be a greater revenue derived than shall be sufficient to pay the members, as provided in section 12, such surplus shall be paid to the controller of the State, who shall receipt the board for the amount received, and shall account for said money as other State revenue.

18. *Be it further enacted*, That this act take effect (60) sixty days after its passage, and all acts or parts of acts, in conflict with this act, be and the same are hereby repealed.

Approved, April 4, 1889.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

QUICKINE, "The Ideal Antiseptic." "Of inestimable value in a physician's office." Sold by all druggists at about 10c. per oz. Mnf'd only by Standard Chemical Co., Jersey City, N. J.

TEXAS.

CAPITAL, AUSTIN.

POPULATION OF STATE, 2,235,523.

(Census of 1890.)

Males	1,172,553	Native	2,082,567
Females	1,062 970	Foreign	152,956
White	1,745,935	Chinese	713
Colored	488,171	Indians	704

Texas, the largest State in the Union, extends from 25° 51′ to 36° 30′ north latitude, and from 93° 31′ to 106° 43′ west longitude, and is bounded on the north by the Indian Territory, on the southeast by the Gulf of Mexico, on the southwest by Mexico, on the east by Arkansas and Louisiana, and on the west by New Mexico. It comprises an area of 274,356 square miles, or 175,587,840 acres. The surface is diversified, and includes mountain ranges, low, fertile valleys, rolling prairies and arid tablelands.

The State is well watered, the principal rivers being the Rio Grande, Red, Sabine, Trinity, Brazos, Colorado, Guadalupe, San Antonio and Nueces.

The climate is warm but equable and salubrious, and the mean annual temperature, as observed at Austin, is 66.72°, and at Galveston 69.38°. In the extreme south it is about 75°, and in the north it falls to 56°. The average annual rainfall is about 41 inches.

The borders of the streams are fringed by belts of deciduous trees. Cotton and corn are the agricultural staples, but Texas is pre-eminently a stock raising State, and immense herds of cattle roam over the extensive prairies.

The mineral resources of Texas are great, and as yet are but partially developed. The precious metals are found in the mountain chains in the west, and coal, iron, salt, chalcedony, jasper, sandstone and limestone abound.

The following table shows increase in population during 40 years:

1850	212,593	1880	1,591,749
1860	604,215	1890	2,235,523
1870	818,579		

There are several mineral springs in the State.

There are two medical colleges in the State, the Texas Medical College and Hospital, at Galveston, and the School of Medicine of the University of Texas, at Galveston.

Trifica SEE ADVERTISEMENT, PAGE 4.

Rate of Mortality in Texas, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
2,235,523	26,478	11.84	21,288	5,190	12.14	10.60

Total number of deaths from consumption during 1890 was 2,059, which was at the rate of .92 per 1,000 of population, or 77.93 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

City Hospital—Established, 1882. Capacity, 50. Lamar and Columbia, Dallas. Physician-in-charge, V. P. Armstrong. Matron, Mrs. Sarah Coulthurst.

City Hospital—Established, 1886. Capacity, 100. San Fernando Hill, San Antonio. Physician-in-charge, Dr. J. Braunnagel. Conducted by Sisters of the Incarnate Word.

MEDICAL LAWS OF TEXAS.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE. REVISED STATUTES, 1879.

ARTICLE 3625. The presiding judges of the district courts of the several judicial districts shall, as soon as practicable, severally appoint a board of medical examiners for their respective districts, which appointment shall be in writing and signed by the judge making the same, and delivered to the person appointed.

3626. Said board of medical examiners shall be composed of not less than three practicing physicians of known ability, and who are graduates of some medical college recognized by the American Medical Association, and who are residents of the district for which they are appointed.

3627. The appointment of a member of the board of medical examiners shall continue for two years from the date of such appointment.

3628. The board shall, immediately after appointment, select one of their number president, and one secretary, and adopt all necessary rules for the guidance and control of their meetings.

3629. Said boards shall meet regularly semi-annually, at some central point in their respective districts, to conduct examinations and grant certificates, as hereinafter provided; and they shall give at least one month's notice of the time and place of their meeting, by publication in at least one newspaper published in the district in which such meeting is to be held.

3630. Each and every one of such boards shall procure a seal as soon as practicable after their organization, which seal shall be impressed upon every certificate granted.

3631. Whenever a vacancy occurs in any of said boards, the same shall be filled by the judge of the district in which such vacancy occurs.

3632. It shall be the duty of said board to examine thoroughly all applicants for certificates of qualification to practice medicine in any of its branches or departments, whether such applicants are furnished with medical diplomas or not, upon the following subjects, to wit: Anatomy, physiology, pathological anatomy and pathology, surgery, obstetrics and chemistry; but no preference shall be given to any school of medicine.

3633. When the board shall be satisfied as to the qualifications of an applicant, they shall grant to him a certificate to that effect, which certificate shall entitle the person to whom granted to practice medicine in any county, when the same has been recorded as required by article 3635

3634. Any two of the members of such board of medical examiners may grant a certificate of qualification to an applicant, and any member of said board shall have authority to grant a temporary certificate to an applicant, upon examination, until the next regular meeting of the board, at which time the temporary certificate shall cease to be of force.

3635. The certificate provided for in the two preceding articles shall, before the person to whom it was granted is entitled to practice by virtue thereof, be recorded in the office of the clerk of the district court of the county in which such practitioner may reside or sojourn, in a well-bound book to be kept by the clerk for that purpose, and when so recorded said clerk shall certify thereon, under his official seal, the fact and date of such record, and shall return such certificate to the person for whom the same was granted, and shall be entitled to demand and receive for such service from the holder of such certificate the sum of one dollar.

3636. The board shall be entitled to demand and receive from each applicant examined the sum of fifteen dollars whether a certificate be granted to such applicant or not.

3637. The provisions of this title shall not apply to the following persons:

(1.) To those who may have already qualified for the practice of medicine under an act entitled "An Act to regulate the practice of medicine," passed May 16, 1873.

(2.) To those who have been regularly engaged in the general practice of medicine in this State, in any of its branches or departments, for a period of five years prior to the first day of January, 1875.

(3.) To females who follow the practice of midwifery, strictly as such.

3638. No person except those named in the preceding article, shall be permitted to practice medicine in any of its branches or departments without first having obtained and recorded a certificate of qualification from some authorized board of medical examiners, as hereinbefore provided, and any person so offending shall be punished as provided in the penal code.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

ALE AND BEEF PEPTONIZED as a Nutrient in Nervous Prostration." Dr. Jno. B. Hamilton, Surgeon-General of the United States Hospital, Marine Service, says: "I have found your Ale and Beef, Peptonized, valuable to my La Grippe patients, and also very effective Your Druggists have it.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

COCILLANA.

An Interesting Addition to the Materia Medica.

Respiratory inflammations always form a large proportion of the physician's cases. A Bolivian remedy which gives promise of much therapeutic efficacy is Cocillana, which was introduced a few years ago through the researches of Professor H. H. Rusby, the eminent botanist.

Experiments were made with it by many medical investigators, who found its action very satisfactory in catarrhal inflammations of the respiratory organs, in coryza, hay asthma, bronchitis, acute and chronic, influenza, and pneumonia.

It possesses, also, laxative and purgative qualities, and has been employed successfully as a substitute for ipecac and apomorphia in catarrhal conditions.

We, who introduced the remedy to physicians, will supply reprints of articles affording information concerning its therapeutic application, and invite the medical profession to test its virtues further by clinical experiment, and will be glad to afford any facts desired concerning this or any other of their new remedies for respiratory affections.

UTAH.

CAPITAL, SALT LAKE CITY.

POPULATION OF TERRITORY, 207,905.

(Census of 1890.)

Males	110,463	Native	154,841
Females	97,442	Foreign	53,064
White	205,899	Chinese	810
Colored	588	Indians	608

The Territory of Utah extends from 37° to 42° north latitude, and from 109° to 114° west longitude, and is bounded on the north by Wyoming and Idaho, on the south by Arizona, on the east by Colorado, and on the west by Nevada.

It comprises an area of 84,476 square miles, or 54,064,640 acres, and forms part of the vast plateau which lies between the Rockies and the Sierra Nevada. The surface is very mountainous, interspersed with arid plains, valleys and basins; much of it is utterly sterile. The principal rivers of the Territory are the Bear, Malade, Weber, Ogden, Jordan, Green, Grand, White, etc. The climate is mild and dry, the mean annual temperature as observed at Salt Lake City being 51.86°, that of the summer 73.59°, and of the winter 30.38°. The average annual rainfall is about 18 inches, but in the vicinity of the Great Salt Lake in increases to 23 inches. Forests of coniferous trees are found in the higher mountains, but the Territory generally is not well timbered. Utah possesses immense mineral resources, gold, silver, lead, iron, salt, coal and copper being produced in large quantities. Stock raising is a profitable industry, and can be carried on successfully in sections where farming is impracticable.

The following table shows increase in population during 40 years:

1850	11,380	1880	143,963
1860	40,273	1890	207,905
1870	86,786		

Rate of Mortality in Utah, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
207,905	2,118	10.19	2,107	11	10.23	5.53

Total number of deaths from consumption during 1890 was 62, which was at the rate of .30 per 1,000 of population, or 29.26 per 1,000 of total deaths.

Salt Lake Medical Society—Secretary, E. F. Root, 136 S. West Temple.
Utah Homœopathic Medical Association—Next annual meeting, first Tuesday in May, 1893, in Salt Lake City. President, J. Beattie, Salt Lake City; Secretary, J. T. White, 49 E. 1st South, Salt Lake City.

MEDICAL LAWS OF UTAH.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE TERRITORY OF UTAH.

Be it enacted by the Governor and Legislative Assembly of the Territory of Utah:

SECTION 1. That, upon the passage of this act, the Governor of this Territory shall, by and with the advice and consent of the Council, appoint biennially a board of seven medical examiners from the various recognized schools of medicine, who shall hold office for two years, or until their successors are appointed. The examiners so appointed shall go before a District or County Judge, and make oath that they are graduates of legally chartered medical colleges in good standing, and that they will faithfully perform the duties of their office. All vacancies caused by removal, death, resignation or otherwise, shall be filled by appointment by the Governor, within one month from the time that the vacancy shall occur.

2. Said board shall organize immediately after the passage of this act by selecting from its members a president, and secretary and treasurer, and shall have a seal and attest its official acts under seal The president of said board shall have authority to administer oaths, and the board shall take testimony in all matters relating to its duties. Said board shall have the power to issue certificates to all who furnish satisfactory proof of having received degrees or licenses from chartered medical colleges in good and legal standing, and pass a satisfactory examination before said board. Said board shall prepare two forms of certificates, one for persons examined and favorably passed upon by the board, the other for persons as provided for in section 11 of this act, and shall furnish to the county recorder of the several counties a list of all persons residing in said county receiving certificates from the board. Certificates shall be signed by all the members of the board granting them, and shall indicate the medical society from which the board has been appointed.

3. The fee for the examination and certificate as provided for in section 2 of this act shall be $25, which shall be paid to the treasurer of the board of examiners.

4. Graduates of respectable medical colleges who are at this time in actual practice in this Territory shall be licensed to practice medicine under this act upon presentation of their degree to said board and upon producing satisfactory evidence of the identity of said applicant. The fee for such license shall be $5, to be paid to the treasurer of the Board of Examiners. The secretary of the board shall enter, without fee, upon the register to be kept by him, the names of all persons to whom licenses are issued as physicians and surgeons.

5. Every person holding a certificate from the said board shall have it recorded in the office of the Recorder of the county in which he resides, within three months from its date, and the date of record shall be indorsed thereon. Until such certificate is recorded as herein provided, the holder thereof shall not exercise any of the privileges conferred therein to practice medicine. Any person removing to another county to practice medicine shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay the recorder the usual fees for recording other papers.

6. The County Recorder shall keep in a book provided for the purpose a complete list of the certificates recorded by him, with the date of the issue of the certificate, and if the certificate be based upon a degree and examination, he shall record the name of the medical college conferring the degree and the date thereof. The register of the County Recorder shall be open to public inspection during business hours.

7. Examinations shall be made wholly or partially in writing.

8. The Board of Medical Examiners may refuse to issue the certificates provided for in this act to individuals guilty of unprofessional or dishonorable conduct, the nature of which shall be stated in writing and it may revoke such certificates for like causes, to be stated in writing.

9. Any person shall be regarded as practicing medicine within the meaning of this act who shall treat, operate upon, or prescribe for any physical ailment of another for a fee or who shall hold him or herself out by means of signs, cards, advertisements or otherwise, as a physician or surgeon; but nothing in this act shall be construed to prohibit service in case of emergency, or the administration of family remedies, and this act shall not apply to commissioned surgeons of the United States Army in the discharge of their official duties, or to visiting physicians in actual consultation.

10. Any person practicing medicine or surgery within the Territory without first having obtained a certificate as herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor.

11. All persons not graduates of medical colleges who have practiced medicine ten years continually in this Territory, prior to the taking effect of this act, shall, upon proper application, and payment of the fee for examination as provided for in section 3 of this act, accompa-

"SARATOGA BATHS," H. M. LEVENGSTON, JR., Proprietor, SARATOGA SPRINGS, N. Y. (See Adv., Page 14.)

nied by a petition signed by twenty-five legal voters living in the city or precinct where such applicant practices, be admitted to examination before the Board of Medical Examiners, and if satisfactory, shall receive such certificate, unless it shall be ascertained and determined by the Board of Medical Examiners that the person so applying for a certificate is of immoral character, or guilty of unprofessional or dishonorable conduct, in which case said board may reject such application, and, provided, that such application of a certificate shall be made within six months after the taking effect of this act; and all persons holding a certificate on account of ten years' practice, shall be subject to all the requirements and discipline of this act in regard to their future conduct in the practice of medicine, the same as all other persons holding certificates. And all persons not having applied for or received such certificates within six months after the taking effect of this act, and all persons whose applications have, for cause herein named, been rejected or certificates revoked, shall, if they practice medicine, be deemed guilty of practicing in violation of law, and shall suffer the penalties herein provided.

12. All persons practicing obstetrics in this Territory shall, within three months after the passage of this act, apply to the Board of Examiners for a certificate, and after passing a proper examination, shall be entitled to the same upon paying to the treasurer of said board the sum of $10, to be applied toward defraying the expenses of said board Any person practicing obstetrics within this Territory, without first obtaining the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor. *Provided*, That all persons who shall furnish to said board satisfactory evidence, by affidavits or otherwise, of having practiced obstetrics previous to the passage of this act, shall receive a license without examination upon the payment of a fee of $1. Nothing in this section shall be construed to apply to physicians holding certificates in accordance with this act, or to prohibit service in case of an emergency, or to persons practicing obstetrics in communities where there are no licensed practitioners.

13. The Board of Medical Examiners shall meet on the first Monday in January, March, June and September of each year, at 10 o'clock a. m., and such other times as the president of the board shall deem necessary. The place of meeting shall be at the Territorial capitol.

14. Any member of said board may be removed from office for misconduct in office by a two-thirds vote of all the members of the board; but no member shall be removed until after he has been given a trial before said board.

15. The term "respectable medical colleges" in this act shall include colleges in legal standing of any recognized school of medicine.

Approved March 10, 1892.

VERMONT.

CAPITAL, MONTPELIER.

POPULATION OF STATE, 332,422.

(Census of 1890.)

Males	169,327	Native	288,334
Females	163,095	Foreign	44,088
White	331,418	Chinese	33
Colored	937	Indians	34

The State of Vermont extends from 42° to 45° north latitude, and from 71° 25′ to 73° 26′ west longitude, and is bounded on the north by Canada, on the south by Massachusetts, on the east by New Hampshire and on the west by New York. It comprises an area of 10,212 square miles, or 6,535,680 acres, and is interesected by the Green Mountains, which, trending from north to south, nearly paralled to the western boundary, are covered by dense forests of coniferous trees. The rivers of the State are the Connecticut, Barton, Black, Missisquoi, Lamville, Winwoski, Passumpsic, Wells, Poultney, etc.

The climate is cold, and like most of the New England States, is marked by great extremes, the winters being severe and of long duration, and the summers short but extremely warm. The mean annual temperature, as observed at Montpelier, is 42.76°, and the average annual rainfall about 36 inches. Iron ore, marble, slate, building stone, kaolin and manganese are found in large quantities in various portions of the State. Agriculture and stock-raising are the principal industries, and Vermont wool is famous all over the United States.

The following table shows the increase in population during 70 years:

1820	235,966	1860	315,098
1830	280,652	1870	330,551
1840	291,948	1880	332,286
1850	314,120	1890	332,422

There are a number of mineral springs in the State.

There is one medical college in Vermont, the Medical Department of the University of Vermont, at Burlington.

Rate of Mortality in Vermont, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
332,422	5,425	16.32	5,412	13	16.33	12.95

Total number of deaths from consumption during 1890 was 661, which was at the rate of 1.99 per 1,000 of population, or 121.84 per 1,000 of total deaths.

G. E. E. SPARHAWK, M. D.,

HOMŒOPATHIC PHYSICIAN and SURGEON,

Office and Sanitarium, 150 Bank St., BURLINGTON, VT.

Dr. Sparhawk gives special attention to the treatment and CURE of Fistula, Fissure, Piles and Rectal Ulcer, without the use of the knife or detention from business.

In the treatment of Piles, ALL cases, either blind, bleeding or protruding, are CURED, without suffering or danger.

Usually there need be no detention from business, as the operation is so simple, when properly done, as to hardly deserve the name; and yet it is so ABSOLUTELY CERTAIN in its results, that any surgeon, familar and expert in this method of treating hemorrhoids, will WILLINGLY GUARANTEE A PERFECT CURE, no matter how bad the case, or long standing, if, after an examination, he deems the case a curable one.

In the 10,000 operations the Doctor has made, he has not yet found an INCURABLE case.

Long standing Ulcers, and Fistulæ with numerous openings, are cured without cutting, but more time is required than for the cure of Piles, as the system is usually impaired by the long continued drain, caused by the ulcerative process.

Monograph on Diseases of the Rectum furnished on application.

Abundant references given.

No charge for consultation or an examination, after which the Doctor will tell you how long it will take for a cure, and the expense.

Patients admitted on reasonable terms for Medical or Surgical treatment.

In connection with the Sanitarium we have a

BATH ESTABLISHMENT

the only one in the State where are given **Electro-Vapor, Roman, Russian, Turkish, Sulphur, Medicated** and **Common Baths,** to suit the needs of the sick and well.

These baths cleanse the skin, open the pores, purify the blood, equalize the circulation of vital fluids, remove the causes of disease, beautify the complexion, tone and quiet the nervous system, promote digestion, cure dyspepsia, neuralgia, rheumatism, paralysis, colds, catarrh, diseases of the liver and kidneys. In brief, they renovate and restore the entire system.

"It is firmly believed that the Turkish Bath is one of the most potent remedial agents known to the profession."

Dr. Lewis A. Sayre said, "The Roman Bath is better than an overcoat as a protection against cold."

CATARRH.—"The high temperature of the Turkish, combined with the vapor of the Russian Bath, will cure this very prevalent disease, if taken regularly, frequently and persistently."

Hours, 8 A. M. to 9 P. M. for Ladies and Gentlemen.

G. E. E. SPARHAWK, M. D.

MEDICAL LAWS OF VERMONT.

PRACTICE OF MEDICINE AND SURGERY, CHAPTER 172, REVISED LAWS 1880.

SECTION 3908. Medical societies, organized under a charter from the general assembly, shall, at each annual session, elect a board of censors, consisting of three members, who shall hold their office till others are elected; which board may examine and license practitioners of medicine, surgery and midwifery.

3909. A practitioner of medicine, surgery or midwifery, who, by sign or advertisement, offers his services to the public as practitioner of either medicine, surgery or midwifery, or who, by such sign or advertisement, assumes the title of doctor, shall obtain a certificate from one of such medical societies, either from a county, district or State society.

3910. A person not a resident of this State, who has not received a diploma from a chartered medical college, shall obtain a certificate from a board of censors in this State before he shall be permitted to practice the medical art in this State.

3911. Each board of censors shall issue certificates, without fee, to physicians and surgeons who furnish evidence, by diploma from a medical college or university, or by certificate of examination from an authorized board, which satisfies said censors that the person presenting such credentials has been, after due examination, deemed qualified to practice the branches mentioned in such diploma or certificate.

3912. The censors of each medical society aforesaid shall, in their discretion, notify practitioners of medicine, surgery or midwifery of the terms of this chapter, and shall require such persons to comply therewith within thirty days after such notification, or within such further time as is allowed by the censors, not exceeding ninety days.

3913. The certificate shall set forth that said censors have found the person to whom it is given qualified to practice the branches of medical art mentioned in it, and shall be substantially in the following form :

No.—— *Certificate.*

STATE OF VERMONT, } ss.
COUNTY OF———. }

This may certify that the undersigned board of censors have found A. B., of———, in the county of———, and State of———, qualified in the following branches of the medical profession: ————————; and therefore license him to practice said branches within this State.

————————,
————————,
————————,
Board of Censors of Medical Society.

3916. *Penalty.* A person who practices medicine, surgery or midwifery in the State or signs a certificate of death for purposes of burial or removal, unless authorized so to do, by a certificate and recorded as provided, shall for the first offense be fined not less than fifty, nor more than two hundred dollars, and for a subsequent offense, not less than two hundred, nor more than five hundred dollars, which fine may be recovered in an action of debt for the use of any person who sues therefor or by an indictment.

VIRGINIA.

CAPITAL, RICHMOND.

POPULATION OF STATE, 1,655,980.

(Census of 1890.)

Males	824,278	Native	1,637,606
Females	831,702	Foreign	18,374
White	1,020,122	Chinese	71
Colored	635,438	Indians	349

Virginia, one of the original thirteen states, extends from 36° 30′ to 39° 27′ north latitude, and from 75° to 10′ to 83° 30′ west longitude, and is bounded on the north by Maryland and West Virginia, on the south by Tennessee and North Carolina, on the east by Chesapeake Bay and the Atlantic Ocean, and on the west by Kentucky and West Virginia. It comprises an area of 38,348 square miles or 24,542,720 acres.

The six great natural divisions of the surface may be briefly described as follows: The tide water, comprising the south and southeast; the middle, an undulating plain extending west to the Coast range; the Piedmont, from the Coast range to the Blue Ridge mountains and to North Carolina from the Potomac; the Blue Ridge, crossing the State in a southwesterly direction; the Valley, a broad belt of gently rolling fertile country between the Blue Ridge and North mountains; and the Appalachian, a mountainous region through which trend the Alleghenies. Much of the mountain region is well timbered, and the soil in the valleys is extremely fertile.

The principal rivers are the Potomac, Shenandoah, Rappahannock, Rapidan, York, James, New, Nottoway, Roanoke, and the West Fork.

The climate is mild and on the whole salubrious, the most unhealthy portion of the State being the tide water country. The mean annual temperature as observed at Richmond is 57.53° and the average annual rainfall is about 40 inches.

The minerals comprise coal, salt, gypsum, marl, iron ore, zinc, sulphur, kaolin, fire clay, marble, etc., etc., and are found in large and paying quantities. Tobacco is grown extensively, and all the cereals flourish here.

The following table shows increase in population during the past 70 years:

1820	1,065,116	1860	1,596,318
1830	1,211,405	1870	1,225,163*
1840	1,239,797	1880	1,512,565
1850	1,421,661	1890	1,655,980

Dr. H. M. Alexander & Co.'s Vaccine Farms, MARIETTA, PA., and OMAHA, NEB. America's Only Authenticated Case of Spontaneous Cow Pox. (See Page 13.)

There are a great number of mineral springs in Virginia.

The medical colleges of the State are, University of Virginia, Medical Department, at Charlottesville ; and Medical College of Virginia, at Richmond.

Rate of Mortality in Virginia, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,655,980	23,232	14.03	12,413	10,819	12.17	17.01

Total number of deaths from consumption during 1890 was 3,050, which was at the rate of 1.84 per 1,000 of population, or 131.28 per 1,000 of total deaths.

*The decrease in population from 1860 to 1870 was due to the erection of West Virginia as a separate State, which took place during that period.

MEDICAL INSTITUTIONS.

Central Lunatic Asylum—Established, 1870. Capacity, 800. Petersburg. Medical Superintendent, Randolph Barksdale, M. D.

STATE BOARDS OF MEDICAL EXAMINERS.

Appointed by the Governor every four years.

Examiners State at Large—Jacob Michaux, Richmond; Paulus A. Irving, Richmond, Secretary.

Examiners First Congressional District—O. B. Finney, Onancock; James W. Tankard, Burgess' Store; W. L. Broaddus, Newtown.

Examiners Second Congressional District—Herbert M. Nash, Norfolk; James Parrish, Portsmouth; Alfred C. Palmer, Norfolk.

Examiners Third Congressional District—Hugh M. Taylor, Richmond, President; Benjamin Harrison, Richmond; B. L. Winston, Hanover.

Examiners Fourth Congressional District—Joseph W. Southall, Jettersville; S. W. Budd, Petersburg; T. James Taylor, Walthall's Store.

Examiners Fifth Congressional District—Rawley W Martin, Chatham; R. S. Martin, Stuart; Thomas W. Simmons, Martinsville.

Examiners Sixth Congressional District—Leigh R. Buckner, Roanoke; A. Trent Clarke, South Boston; John W Dillard, Lynchburg.

Examiners Seventh Congressional District—Wm. P McGuire, Winchester; J. E. Chancellor, Charlottesville; T. O. Jones, Harrisonburg.

Examiners Eighth Congressional District—C. C. Conway, Rapidan; R. I. Hicks, Warrenton; Bedford Brown, Alexandria.

Examiners Ninth Congressional District—R. F. Young, Love's Mills; R. D. Hufford, Chatham Hill; P. B. Green, Wytheville.

Examiners Tenth Congressional District—Robert Glasgow, Lexington; H. M. Patterson, Staunton; G. D. Meriwether, Buena Vista.

Examiners of the Homœopathic School—M. E. Douglas, Danville; C. B. Young, Lynchburg; W. B. P. Jones, Petersburg; Frank P. Webster, Norfolk; George A. Taber, Richmond.

MEDICAL LAWS OF VIRGINIA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY, CHAPTER LXXVII OF THE CODE OF VIRGINIA, 1887.

SECTION 1744. *Board of Medical Examiners; number and term of members.*—There shall be for this State a Board of Medical Examiners, consisting of three members from each Congressional district in the State, and two from the State at large, and in addition five homœopathic physicians from the State at large, whose term of office shall be four years, or until their successors are appointed and qualified. The term of office of the board first appointed after this code takes effect, shall commence on the first day of January, eighteen hundred and eighty-nine.

1745. *How appointed; when office deemed vacant.*—The said board shall consist of men learned in medicine and surgery, and shall be appointed by the governor on the first day of November, eighteen hundred and eighty-eight, and every fourth year thereafter, from a list of names to be recommended by the Medical Society of Virginia. He shall also appoint five homœopathic physicians, who may be nominated to him by the Hahnemann Medical Society of the Old Dominion, in the manner hereinafter provided. Vacancies occurring in such board for unexpired terms, shall be filled in the same manner. Such recommendations shall be by the votes of a majority present at some meeting of the said societies, and the same shall be certified to the governor by the president and secretary of such meeting: *Provided, however,* in case the governer shall consider any of the persons recommended unsuitable, he may decline

TERRALINE, PURIFIED PETROLEUM, Cod Liver Oil Substitute. TERRALINE COMPANY, WASHINGTON, D. C.

to appoint such person or persons, and communicate the fact to the presiding officers of the society presenting the nomination, and such society shall, within ninety days thereafter, make other recommendations in the manner hereinafter prescribed, which shall stand on the same footing in all respects as those first made: *Provided, further*, if such society fail to make such recommendations prior to the time of appointment, or within the ninety days, the governor shall appoint such board, either in whole or in part, without regard to such recommendations. If any of said examiners shall cease to reside in the district for which he was appointed, his office shall be deemed vacant.

1746. *Qualification of members; officers of board; its meetings; quorum.*—The members of said board shall qualify by taking the usual oath of office before the county or corporation court of the county or corporation in which they respectively reside. The officers of the board shall be a president, vice-president and secretary (who shall also act as treasurer); said officers to be members of and elected by the board. Regular meetings of the board shall be held at such times and places as the board may prescribe, and special meetings may be held upon the call of the president and any five members, but there shall not be less than one regular meeting each year. Eleven members of the board shall be a quorum. The board may prescribe rules, regulations and by-laws for its own preceedings and government, and for the examination by its individual members of candidates for the practice of medicine and surgery.

1747. *Examination of applicants for practice of medicine; re-examination; fees of board.*—It shall be the duty of said board, at any of its meetings, and of the individual members, at any time to examine all persons making application to them, who shall desire to commence the practice of medicine or surgery in this State. When the examination is by individual members of the board, they shall report the result of the same to the president of the board; and when an applicant shall have passed an examination, satisfactory as to proficiency, before three individual members or before the Board in session, the president thereof shall grant to such applicant a certificate to that effect, which shall, at the cost of the applicant, be acknowledged and certified in the manner provided by section twenty-five hundred and one. A fee of five dollars shall be paid to the board, through such officers or members as it may designate, by each applicant before such examination is had. If any applicant fail to pass a satisfactory examination before the board or before the three individual members to whom he shall first apply, he shall not be permitted to stand any further examination within the next three months thereafter, nor shall he be required again to pay the fee prescribed as aforesaid; *Provided, however*, no applicant shall be rejected upon his examination on account of his adherence to any particular school of medicine or system of practice, nor on account of his views as to the method of treatment and cure of diseases.

1748. *Disposition of fees*—The fund realized from the fees aforesaid shall be applied by the board to the payment of its expenses and making a reasonable compensation to the president and secretary.

1749. *Applicant to have certificate of board recorded; fee of clerk*—Any person who obtains a certificate as aforesaid from the president of said board, shall cause the same to be recorded in the clerk's office of the county or corporation court of the county or corporation in which he resides, or if he resides in the city of Richmond, in the clerk's office of the chancery court of said city. The certificate shall be recorded by the clerk in a book to be kept for the purpose, and indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording shall be the same as for recording a deed.

1750. *Who prohibited from practicing medicine without certificate*—No person who shall have commenced the practice of medicine or surgery since the first day of January, eighteen hundred and eighty-five, or who shall hereafter commence the practice of the same, shall practice as a physician or surgeon for compensation without having first obtained a certificate, and caused the same to be recorded as aforesaid. Any person violating the provisions of this section shall be fined not less than fifty, nor more than five hundred dollars, for each offense, and be debarred from receiving any compensation for services rendered as such physician and surgeon.

1751. *Examination of non-resident physicians*—Any physician or surgeon who resides in an adjoining State within ten miles of the boundary line of this State, shall be entitled to stand the examination and receive the certificate aforesaid, and such certificate shall be recorded as hereinbefore provided, in that county in this State, which is nearest his place of residence, and such certificate and recordation shall make it lawful for him to practice medicine and surgery in this State.
